PRINCIPAL TERMS OF THE RIGHTS ISSUE

The following is a summary of the principal terms and conditions of the Rights Issue and is derived from, and should be read in conjunction with the full text of this Offer Information Statement, and is qualified in its entirety by reference to information appearing elsewhere in this Offer Information Statement.

Basis of provisional allotment of Rights Shares : One (1) Rights Share for every one (1) existing Share held by Shareholders as at the Record Date, fractional entitlements to be disregarded.

Number of Rights Shares to be issued : Up to 265,721,200 Rights Shares to be allotted and issued.

Status of the Rights Shares : The Rights Shares, when allotted and issued, will rank *pari passu* in all respects with the then existing Shares, except that they will not rank for any dividends, rights, allotments or other distributions that may be declared or paid, the record date for which falls before the date of issue of the Rights Shares.

Issue Price : S\$0.025 for each Rights Share, payable in full on acceptance and/or application.

The Issue Price represents a discount of approximately:

(a) 16.7% to the VWAP of S\$0.030 per Share for trades done on the Catalist board of the SGX-ST on 29 September 2022, being the date of the Announcement; and

(b) 9.1% to the theoretical ex-rights price¹ of S\$0.0275 per Share.

Eligibility of Shareholders to participate in the Rights Issue : Entitled Shareholders will be entitled to participate in the Rights Issue and receive this Offer Information Statement together with the appropriate application forms and accompanying documents at their respective Singapore addresses as maintained with the records of CDP or the Share Registrar, as the case may be. Please refer to the section entitled “**Eligibility of Shareholders to Participate in the Rights Issue**” of this Offer Information Statement.

¹ The theoretical ex-rights trading price is the theoretical market price of each Share assuming the maximum 265,721,200 Rights Shares are issued and computed based on the VWAP of the Shares on the date of the Announcement.

PRINCIPAL TERMS OF THE RIGHTS ISSUE

- Rationale of the Rights Issue** : The Company is undertaking the Rights Issue with the objective of raising the Minimum Amount to meet the Group's present funding requirements for the next 12 months, in view of the financial performance and current financial position of the Group. Any additional proceeds raised from the Rights Issue in excess of the Minimum Amount will further strengthen the Group's financial position and provide greater working capital for the Group to support its business and operations for the longer term. The strengthened financial position will also provide financial flexibility for the Group for its working capital and other needs, such as capitalising on potential growth opportunities in a timely manner and as and when such opportunities arise.
- The Rights Issue will also provide existing Shareholders who are confident of the future prospects of the Group with an opportunity to maintain their equity participation in the Company and participate in the future growth of the Group.
- Listing of the Rights Shares** : On 25 October 2022, the Company obtained the listing and quotation notice from the SGX-ST for the listing of and quotation for up to 265,721,200 Rights Shares on Catalist, subject to compliance with the SGX-ST's listing requirements. The listing and quotation notice granted by the SGX-ST for the listing of and quotation for the Rights Shares on Catalist is not to be taken as an indication of the merits of the Rights Issue, the Rights Shares, the Company and/or its subsidiaries.
- Trading of the Rights Shares and odd lots** : Upon the listing of and quotation for the Rights Shares on Catalist, the Rights Shares will be traded on Catalist under the book-entry (scripless) settlement system. For the purposes of trading on Catalist, each board lot of Shares will consist of 100 Shares. Shareholders who hold odd lots (that is, lots other than board lots of 100 Shares) are able to trade odd lots of Shares in board lots of one (1) Share on the Unit Share Market.
- Non-underwritten** : The Rights Issue is not underwritten. There will not be any undertaking by any Shareholder to subscribe for such Shareholders' *pro rata* Rights Shares entitlement and/or apply for Excess Rights Shares. In view of the costs of engaging an underwriter and having to pay commission in relation to the underwriting, the Directors have decided that it is not feasible nor practical for the Rights Issue to be underwritten by a financial institution.
- Use of Net Proceeds** : Please refer to Part 4, paragraph 3 of this Offer Information Statement.

PRINCIPAL TERMS OF THE RIGHTS ISSUE

Acceptance, excess application and payment procedures : Entitled Shareholders shall be at liberty to accept, decline, renounce or trade their provisional allotments of the Rights Shares and will be eligible to apply for the Rights Shares in excess of their provisional allotments under the Rights Issue.

Entitlements which are not allotted or taken up for any reason (including any fractions of a Rights Share) will be aggregated and issued to satisfy applications, if any, for Excess Rights Shares or otherwise disposed of or dealt with in such manner as the Directors may, in their absolute discretion, deem fit in the interests of the Company, subject to applicable laws and Catalist Rules.

In the allotment of Excess Rights Shares, preference will be given to Shareholders for the rounding of odd lots and Directors and Substantial Shareholders who have control or influence over the Company in connection with the day-to-day affairs of the Company or the terms of the Rights Issue, or have representation (directly or through a nominee) on the Board, will rank last in priority for the rounding of odd lots and allotment of Excess Rights Shares. The Company will also not make any issuance or allotment of any Excess Rights Shares that will result in a transfer of controlling interest in the Company unless otherwise approved by Shareholders in a general meeting.

Fractional entitlements to the Rights Shares, if any, will be disregarded in arriving at the entitlements of Entitled Shareholders and will, together with the provisional allotments which are not taken up for any reason, be aggregated and used to satisfy excess applications (if any), or otherwise dealt with in such manner as the Directors may in their absolute discretion, deem fit for the benefit of the Company.

Option to scale down subscription : Depending on the level of subscription for the Rights Shares, the Company will, if necessary, scale down the subscription and/or excess applications for the Rights Shares by any of the Shareholders (if such Shareholder chooses to subscribe for his/her/its *pro rata* Rights Shares entitlement and/or apply for Excess Rights Shares) to avoid a transfer of controlling interest in the Company to such Shareholder or placing such Shareholder and/or parties acting in concert with him/her/it (as defined in the Code) in the position of incurring an obligation to make a mandatory general offer under the Code as a result of other Entitled Shareholders not taking up, whether partly or in full, their provisional allotments of the Rights Shares.

Governing law : Laws of the Republic of Singapore.

In order to be eligible for the Rights Issue, a Shareholder must be an Entitled Shareholder, and not be a person to whom it is unlawful to send the OIS Notification Letter, this Offer Information Statement or its accompanying documents (including the PAL, the ARE and the ARS), or make an invitation under the Rights Issue.

All questions as to the eligibility of any person to participate in the Rights Issue, subscribe and/or apply for the Rights Shares and as to the validity, form and eligibility (including time of receipt) of any PAL, ARE or ARS are determined by the Company in its sole discretion. The Company's determination as to whether a person is an Eligible Shareholder and as to whether or when a PAL, an ARE or an ARS is received, whether it is duly completed or whether acceptance is validly revoked shall be final and binding.

Entitled Shareholders will be entitled to participate in the Rights Issue and receive this Offer Information Statement together with the appropriate application forms and accompanying documents at their respective Singapore addresses as maintained with the records of CDP or the Share Registrar, as the case may be.

Entitled Depositors who do not receive this Offer Information Statement and the AREs may obtain them from CDP for the period up to the Closing Date. Entitled Scripholders who do not receive the PALs may obtain them from the Share Registrar for the period up to the Closing Date.

Entitled Shareholders will be provisionally allotted the Rights Shares on the basis of their shareholdings in the Company as at the Record Date, fractional entitlements, if any, being disregarded. Entitled Shareholders are at liberty to accept (in full or in part), decline, renounce or, in the case of Entitled Depositors only, trade their provisional allotments of Rights Shares on Catalist during the Rights Trading Period prescribed by the SGX-ST, and will be eligible to apply for additional Rights Shares in excess of their provisional allotments under the Rights Issue. For the avoidance of doubt, only Entitled Shareholders (and not the Purchasers or the Renounees) shall be entitled to apply for such Excess Rights Shares.

All dealings in, and transactions of, the provisional allotments of Rights Shares through Catalist will be effected under the book-entry (scripless) settlement system. Accordingly, the PALs which are issued to Entitled Scripholders will not be valid for delivery pursuant to trades done on Catalist.

Entitled Depositors should note that all correspondences and notices will be sent to their last registered addresses with CDP. Entitled Depositors are reminded that any request to CDP to update their records or effect any change in address must reach CDP at 9 North Buona Vista Drive, #01-19/20 The Metropolis, Singapore 138588 not later than 5.00 p.m. on the date falling three (3) Market Days before the Record Date.

Entitled Scripholders should note that their Securities Accounts will only be credited with the Shares on the 12th Market Day from the date of lodgement of the share certificates with CDP or such later date subject to the completion of the lodgement process.

Entitled Depositors who wish to accept their Nil-Paid Rights or Rights Shares and (if applicable) apply for Excess Rights Shares may only do so through CDP or by way of an Electronic Application through an ATM of a Participating Bank or through an Accepted Electronic Service. Entitled Scripholders who wish to accept their Nil-Paid Rights or Rights Shares and (if applicable) apply for Excess Rights Shares may only do so through the Share Registrar.

For Entitled Shareholders who hold Shares through finance companies or Depository Agents, acceptances and subscriptions of the Nil-Paid Rights or Rights Shares and (if applicable) applications for Excess Rights Shares must be done through the respective finance companies or Depository Agents. Any acceptances and/or applications by such investors to accept the Nil-Paid Rights or Rights Shares and (if applicable) apply for Excess Rights Shares made directly to CDP, the Share Registrar, the Company, through the ATMs of the Participating Banks or through Accepted Electronic Services will be rejected.

For SRS Members who have subscribed for or purchased Shares under the SRS, subject to applicable SRS rules and regulations, they must use SRS Funds to pay for the acceptance of their entitlements to the Rights Shares and (if applicable) Excess Applications.

SRS Members who have insufficient funds in their SRS accounts may, subject to the SRS contribution cap, deposit cash into their SRS accounts with their respective SRS Approved Banks before instructing their respective SRS Approved Banks to accept their provisional allotments of Rights Shares and (if applicable) apply for Excess Rights Shares. SRS Members are advised to provide their respective SRS Approved Banks with the appropriate instructions no later than the deadlines set by their respective SRS Approved Banks in order for their respective SRS Approved Banks to make the relevant acceptance and (if applicable) application on their behalf by the Closing Date. **SRS Funds may not, however, be used for the purchase of the Rights Shares directly from the market. Any acceptance and/or application by the SRS Members to accept their provisional allotment of Rights Shares and (if applicable) application for Excess Rights Shares made directly through CDP, the Share Registrar, the Company and/or by way of an Electronic Application or an Accepted Electronic Service will be rejected.**

The Rights Shares which are not otherwise taken up or allotted for any reason shall be used to satisfy applications for Excess Rights Shares (if any) as the Directors may, in their absolute discretion, deem fit.

ELIGIBILITY OF SHAREHOLDERS TO PARTICIPATE IN THE RIGHTS ISSUE

In the allotment of Excess Rights Shares, preference will be given to Shareholders for the rounding of odd lots, and Directors and Substantial Shareholders who have control or influence over the Company in connection with the day-to-day affairs of the Company or the terms of the Rights Issue, or have representation (direct or through a nominee) on the Board, will rank last in priority for the rounding of odd lots and allotment of Excess Rights Shares. The Company will not make any allotment and issuance of any Excess Rights Shares that will result in a transfer of controlling interest in the Company unless otherwise approved by Shareholders in a general meeting.

The procedures for, and the terms and conditions applicable to, the acceptance, renunciation and/or sale of the provisional allotments of Rights Shares and the application for Excess Rights Shares, including the different modes of acceptances or application and payment, are contained in **Appendices A, B and C** of this Offer Information Statement and in the PAL, the ARE and the ARS (as the case may be).

2. FOREIGN SHAREHOLDERS

This Offer Information Statement and its accompanying documents relating to the Rights Issue (including the OIS Notification Letter, the PAL, the ARE and the ARS) have not been and will not be lodged, registered or filed in any jurisdiction other than in Singapore. The distribution of this Offer Information Statement and its accompanying documents and the purchase, exercise of or subscription for Nil-Paid Rights and/or the Rights Shares by any persons who have registered addresses outside Singapore, or who are resident in, or citizens of countries other than Singapore, may be prohibited or restricted (either absolutely or unless relevant securities requirements, whether legal or administrative, are complied with) in certain jurisdictions under the relevant securities laws of those jurisdictions. For practical reasons and in order to avoid any violation of the securities legislation applicable in countries other than Singapore, this Offer Information Statement and its accompanying documents have not been and will not be despatched to Foreign Shareholders with registered addresses outside Singapore as at 5.00 p.m. on the Record Date and who have not, by no later than 5.00 p.m. on the date being three (3) Market Days (being a day on which the SGX-ST is open for trading in securities) prior to the Record Date, provided to the Share Registrar or CDP, as the case may be, with registered addresses in Singapore for the service of notices and documents.

Accordingly, Foreign Shareholders will not be entitled to participate in the Rights Issue. No provisional allotment of the Rights Shares has been made or will be made to Foreign Shareholders and no purported acceptance thereof or application therefor by any Foreign Shareholder will be valid.

This Offer Information Statement and its accompanying documents will also not be disseminated or despatched to persons purchasing the provisional allotment of the Rights Shares through the book-entry (scripless) settlement system if their registered addresses with CDP are outside Singapore (the “**Foreign Purchasers**”). Foreign Purchasers who wish to accept the provisional allotments of the Rights Shares credited to their Securities Accounts should make the necessary arrangements with their Depository Agents or stockbrokers in Singapore. Further, any Renouncee of an Entitled Scripholder, whose address as stated in the PAL is outside Singapore, will not be entitled to accept the provisional allotment of the Rights Shares renounced to him. The Company further reserves the right to reject any acceptances of the Rights Shares and/or any application for Excess Rights Shares where it believes, or has reason to believe, that such acceptance or application may violate the applicable legislation of any jurisdiction, or which appears to the Company or its agents to

have been executed in any jurisdiction outside Singapore, or which provides an address outside Singapore for the receipt of the share certificate(s) for the Rights Shares or which requires the Company to despatch the share certificate(s) to an address in any jurisdiction outside Singapore, or which purports to exclude any deemed representation, warranty or confirmation.

If it is practicable to do so, arrangements may, at the discretion of the Company, be made for the Nil-Paid Rights which would otherwise have been provisionally allotted to Foreign Shareholders to be sold “nil-paid” on Catalist as soon as practicable after commencement of trading in the Nil-Paid Rights. Such sales may, however, only be effected if the Company, in its absolute discretion, determines that a premium can be obtained from such sales, after taking into account the relevant expenses to be incurred in relation thereto.

The net proceeds from all such sales, after deduction of all expenses therefrom, will be pooled and thereafter distributed among Foreign Shareholders in proportion to their respective shareholdings or, as the case may be, the number of Shares standing to the credit of their respective Securities Accounts as at the Record Date and sent to them **BY ORDINARY POST** and **AT THEIR OWN RISK**. If the amount of net proceeds distributable to any single Foreign Shareholder is less than S\$10.00, such net proceeds will be retained or dealt with as the Directors may, in their absolute discretion, deem fit in the interests of the Company and no Foreign Shareholder shall have any claim whatsoever against the Company, the Directors, the Manager, the Share Registrar or CDP and their respective officers in connection therewith.

Where such provisional allotments of Rights Shares are sold “nil-paid” on Catalist, they will be sold at such price or prices as the Company may, in its absolute discretion, decide and no Foreign Shareholder shall have any claim whatsoever against the Company, the Directors, the Manager, the Share Registrar or CDP and their respective officers in respect of such sales or proceeds thereof, such provisional allotments of Rights Shares or the Rights Shares represented by such provisional allotments.

If such Nil-Paid Rights cannot be sold or are not sold on Catalist as aforesaid for any reason by such time as the SGX-ST shall have declared to be the last day for trading in the Nil-Paid Rights, the Rights Shares represented by such Nil-Paid Rights will be used to satisfy excess applications or disposed of or dealt with in such manner as the Directors may, in their absolute discretion, deem fit in the interests of the Company and no Foreign Shareholder shall have any claim whatsoever against the Company, the Directors, the Manager, or CDP and their respective officers in connection therewith.

Shareholders should note that the special arrangements described above would apply only to Foreign Shareholders. However, the Company reserves the right, but shall not be obliged, to make similar arrangements for the Nil-Paid Rights which would otherwise have been provisionally allotted to certain Entitled Shareholders to be sold “nil-paid” on Catalist as soon as practicable, after dealings in the Nil-Paid Rights commence, where the beneficial holders of such Nil-Paid Rights are restricted or prohibited by the laws of the jurisdiction in which they are located or resident from participating in the Rights Issue.

ELIGIBILITY OF SHAREHOLDERS TO PARTICIPATE IN THE RIGHTS ISSUE

Notwithstanding the above, Shareholders and any other person accessing the electronic version of this Offer Information Statement and/or having possession of this Offer Information Statement and/or its accompanying documents (including the OIS Notification Letter, the PAL, the ARE and the ARS) are advised to inform themselves of and to observe any legal requirements applicable thereto. No person in any territory outside Singapore accessing the electronic version of this Offer Information Statement and/or its accompanying documents may treat the same as an offer, invitation or solicitation to subscribe for any Rights Shares unless such offer, invitation or solicitation could lawfully be made without compliance with any registration or other legal requirements in those territories.

This Offer Information Statement and/or its accompanying documents (including the OIS Notification Letter, the PAL, the ARE and the ARS) are not intended for distribution outside of Singapore.

TRADING

1. Listing of and Quotation for the Rights Shares

On 25 October 2022, the Company obtained the listing and quotation notice from the SGX-ST for the listing of and quotation of up to 265,721,200 Rights Shares on Catalist, subject to compliance with the SGX-ST's listing requirements. Please note that the listing and quotation notice granted by the SGX-ST for the listing and quotation of the Rights Shares on Catalist is not to be taken as an indication of the merits of the Rights Issue, the Rights Shares, the Company and/or its subsidiaries.

The listing of the Rights Shares will commence after all the securities certificates have been issued and the notification letters from CDP have been despatched. Upon listing and quotation on Catalist, the Rights Shares, when issued, will be traded under the book entry (scripless) settlement system. All dealings in, and transactions (including transfers) of the Rights Shares, effected through Catalist and/or CDP shall be made in accordance with CDP's "*Terms and Conditions for Operation of Securities Accounts with The Central Depository (Pte) Limited*" and "*Terms and Conditions for CDP to act as a Depository for the Rights Shares*", as the same may be amended from time to time, copies of which are available from CDP.

2. Arrangements for Scripless Trading

To facilitate scripless trading, Entitled Scripholders and their Renounees who wish to accept their Nil-Paid Rights and (if applicable) apply for Excess Rights Shares, and who wish to trade the Rights Shares issued to them on Catalist under the book-entry (scripless) settlement system, should open and maintain Securities Accounts with CDP in their own names (if they do not already maintain such Securities Accounts) before accepting any Rights Shares or applying for any Excess Rights Shares, in order that the number of Rights Shares and, if applicable, the Excess Rights Shares that may be allotted to them may be credited by CDP into their Securities Accounts.

Entitled Scripholders and their Renounees who wish to accept and/or (if applicable) apply for the Excess Rights Shares and have their Rights Shares credited by CDP into their Securities Accounts must fill in their Securities Account numbers and/or National Registration Identity Card (NRIC)/passport numbers (for individuals) or registration numbers (for corporations) in the relevant forms comprised in the PAL, in order for the number of Rights Shares or Excess Rights Shares (as the case may be) that are allotted to them to be credited into their Securities Accounts.

Entitled Scripholders and their Renounees who fail to fill in their Securities Account numbers and/or NRIC/passport numbers (for individuals) or registration numbers (for corporations) or who have provided incorrect or invalid Securities Account numbers and/or NRIC/passport numbers (for individuals) or registration numbers (for corporations) or whose particulars provided in the forms comprised in the PAL differ from those particulars in the Securities Accounts currently maintained with CDP will be issued physical certificates for the Rights Shares allotted to them and if applicable, the Excess Rights Shares allotted to them. Physical certificates, if issued, will be forwarded to them by ordinary post **AT THEIR OWN RISK** but will not be valid for delivery pursuant to trades done on Catalist under the book-entry (scripless) settlement system, although they will continue to be *prima facie* evidence of legal title.

TRADING

If an Entitled Scripholder's address stated in the PAL is different from the address registered with CDP, he must inform CDP of his updated address promptly, failing which the notification letter on successful allotment and other correspondence will be sent to his address last registered with CDP.

A holder of physical share certificate(s), or an Entitled Scripholder who has not deposited his share certificate(s) with CDP but wishes to trade on Catalist, must deposit with CDP his share certificates, together with the duly executed instruments of transfer in favour of CDP (including any applicable fees), and have his Securities Account credited with the number of Rights Shares and/or existing Shares, as the case may be, before he can effect the desired trade.

3. Rights Trading Period

Entitled Depositors should note that the Nil-Paid Rights will be tradable in board lots, each board lot comprising provisional allotments of 100 Rights Shares, or any other board lot size as the SGX-ST may require. Entitled Depositors who wish to trade in lot sizes other than board lots of 100 can do so on the Unit Share Market.

Entitled Depositors who wish to trade all or part of their provisional allotments of Rights Shares on Catalist can do so for the period commencing on 11 November 2022 from 9.00 a.m., being the date and time of commencement of the Nil-Paid Rights trading period, and ending on 21 November 2022 at 5.00 p.m. (or such other time(s) and/or date(s) as may be announced from time to time by or on behalf of the Company), being the last date and time of the Nil-Paid Rights trading period.

4. Trading of Odd Lots

Entitled Shareholders should note that the Rights Issue may result in them holding odd lots of Shares (that is, lots other than board lots of 100 Shares). Shareholders should note that most counters on the SGX-ST trade in lot sizes of 100 shares.

Following the Rights Issue, Entitled Shareholders who hold odd lots of the Shares (i.e. lots other than board lots of 100 Shares) and who wish to trade in odd lots of Shares on Catalist should note that they are able to do so on the Unit Share Market which allows trading of odd lots with a minimum of one (1) Share. However, the market for trading of such odd lots of Shares may be illiquid.

Shareholders who hold odd lots of the Shares (i.e. lots other than board lots of 100 Shares) and who wish to trade in odd lots on Catalist should note that there is no assurance that they can acquire such number of Shares to make up one board lot of 100 Shares, or to dispose of their odd lots (whether in part or in whole) on the Unit Share Market.

5. Trading of Shares of Companies Listed on Catalist

Companies listed on Catalist may carry higher investment risk when compared with larger or more established companies listed on the Main Board of the SGX-ST. In particular, companies may list on Catalist without a track record of profitability and there is no assurance that there will be a liquid market in the securities traded on Catalist. A prospective investor should be aware of the risks of investing in such companies and should make the decision to invest only after careful consideration and, if appropriate, consultation with an independent financial adviser.

CAUTIONARY NOTE ON FORWARD-LOOKING STATEMENTS

All statements contained in this Offer Information Statement, statements made in press releases and oral statements that may be made by the Company or its officers, Directors or employees acting on its behalf, that are not statements of historical fact, constitute “**forward-looking statements**”. Some of these statements can be identified by words that have a bias towards the future or, are forward-looking such as “**anticipate**”, “**believe**”, “**could**”, “**estimate**”, “**expect**”, “**forecast**”, “**if**”, “**intend**”, “**may**”, “**plan**”, “**possible**”, “**probable**”, “**project**”, “**should**”, “**will**” and “**would**” or similar words. However, these words are not the exclusive means of identifying forward-looking statements. All statements regarding the Group’s expected financial position, business strategy, operating results, plans and future prospects of the Group’s industry are forward looking statements.

These forward-looking statements, including statements as to the Group’s revenue and profitability, prospects, future plans or analysis or comments on historical financial performance or position and other matters discussed in this Offer Information Statement regarding matters that are not historical facts, are only predictions. These forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the Group’s actual, future results, performance or achievements to be materially different from any future results, performance or achievements expected, expressed or implied by such forward-looking statements.

The Group’s actual results may differ materially from those anticipated in these forward-looking statements. Neither the Company, the Manager, nor any other person represents or warrants that the Group’s actual future results, performance or achievements will be as expected, expressed or implied in those statements.

Further, the Company and the Manager disclaim any responsibility to update any of those forward-looking statements or publicly announce any revisions to those forward-looking statements to reflect future developments, events or circumstances for any reason, even if new information becomes available or other events occur in the future. However, the Company, if required, may lodge a supplementary or replacement document with the SGX-ST, acting as agent on behalf of the Authority, in the event, *inter alia*, it becomes aware of a new circumstance that has arisen after the lodgement of this Offer Information Statement with the SGX-ST, acting as agent on behalf of the Authority, that is material or is required to be disclosed by law and/or the SGX-ST.

The Company is also subject to the provisions of the Catalist Rules regarding corporate disclosure.

TAKE-OVER LIMITS

The Code regulates the acquisition of ordinary shares of, *inter alia*, corporations with a primary listing on the SGX-ST, including the Company. Except with the consent of the Council, where:

- (i) any person acquires whether by a series of transactions over a period of time or not, shares which (taken together with shares held or acquired by parties acting in concert with him) carry 30% or more of the voting rights of the Company; or
- (ii) any person who, together with parties acting in concert with him, holds not less than 30% but not more than 50% of the voting rights of the Company and such person, or any party acting in concert with him, acquires in any period of six (6) months additional shares carrying more than 1% of the voting rights,

such person must extend a mandatory offer immediately for the remaining Shares in accordance with the provisions of the Code. In addition to such person, each of the principal members of the group of persons acting in concert with him may, according to the circumstances of the case, have the obligation to extend an offer.

Shareholders who are in doubt as to their obligations, if any, to make a mandatory general offer under the Code as a result of any acquisition of Rights Shares pursuant to the Rights Issue or the acceptance of the provisional allotment of Rights Shares or the application for Excess Rights Shares, should consult the Council and/or their professional advisers immediately.

Depending on the level of subscription for the Rights Shares, the Company may, if necessary and upon the approval of the SGX-ST, scale down the subscription for the Rights Shares by any Shareholder to the extent necessary to avoid placing the relevant Shareholder and parties acting in concert with him (as defined under the Code) in the position of incurring an obligation to make a mandatory general offer for the Shares under the Code as a result of other Shareholders not taking up, whether partly or in full, their provisional allotments of the Rights Shares.

PART 4 (KEY INFORMATION)

USE OF PROCEEDS FROM OFFER AND EXPENSE INCURRED

- 1. In the same section, provide the information set out in paragraphs 2 to 7 of this Part.**
-

Please see paragraphs 2 to 7 below of this Part 4.

- 2. Disclose the estimated amount of the proceeds from the offer (net of the estimated amount of expenses incurred in connection with the offer) (referred to in this paragraph and paragraph 3 of this Part as the net proceeds). Where only a part of the net proceeds will go to the relevant entity, indicate the amount of the net proceeds that will be raised by the relevant entity. If none of the proceeds will go to the relevant entity, provide a statement of that fact.**
-

The estimated Net Proceeds, under the Maximum Subscription Scenario, after deducting estimated expenses of approximately S\$0.3 million, is expected to be approximately S\$6.3 million (“**Maximum Net Proceeds**”).

All of the Net Proceeds will go to the Company and will be utilised in the manner set out in Paragraph 3 of this Part 4.

- 3. Disclose how the net proceeds raised by the relevant entity from the offer will be allocated to each principal intended use. If the anticipated proceeds will not be sufficient to fund all of the intended uses, disclose the order of priority of such uses, as well as the amount and sources of other funds needed. Disclose also how the proceeds will be used pending their eventual utilisation for the proposed uses. Where specific uses are not known for any portion of the proceeds, disclose the general uses for which the proceeds are proposed to be applied. Where the offer is not fully underwritten on a firm commitment basis, state the minimum amount which, in the reasonable opinion of the directors or equivalent persons of the relevant entity, must be raised by the offer of securities or securities-based derivatives contracts.**
-

**SIXTEENTH SCHEDULE OF THE SECURITIES AND FUTURES
(OFFERS OF INVESTMENTS)
(SECURITIES AND SECURITIES-BASED DERIVATIVES CONTRACTS)
REGULATIONS 2018**

The Company intends to use the first S\$2.0 million of the Net Proceeds for the Group's working capital requirements and amounts in excess of S\$2.0 million of the Net Proceeds in the following manner and proportions:

No.	Use of Net Proceeds	Percentage of Minimum Amount (%)	Percentage of Maximum Net Proceeds (%)
<u>First S\$2.0 million</u>			
1.	Working capital requirements of the Group	100.0	32.0
<u>Amounts in excess of S\$2.0 million</u>			
2.	Mergers and acquisition activities	–	50.0
3.	Working capital requirements of the Group	–	18.0
Total		100.0	100.0

Pending the deployment of the Net Proceeds for the use(s) mentioned above, the proceeds may be placed as deposits with financial institutions, or invested in short-term money market or debt instruments, or for any other purposes on a short-term basis as the Directors may deem fit in the interests of the Group.

The Company will make periodic announcements on the utilisation of the Net Proceeds as and when such proceeds are materially disbursed and whether such disbursements are in accordance with the stated use of proceeds, and subsequently provide a status report on the use of such proceeds in its annual report. Where the proceeds have been used for working capital purposes, the Company will provide a breakdown with specific details on how the proceeds have been applied in the Company's announcement and the annual report. Where there is any material deviation from the stated use of proceeds, the Company will announce the reasons for such deviation.

After taking into consideration, *inter alia*, the Disclaimer of Opinion, the Group's financial performance for FY2021 and 9M FY2022, the Group's cash and cash equivalents and financial position as at 30 September 2022 and the Cash Flow Forecast, in the reasonable opinion of the Directors, the Minimum Amount which must be raised from the Rights Issue to meet the Group's present funding requirements for the next 12 months is S\$2.0 million.

In the event that the Minimum Amount is not raised from the Rights Issue, the Group will look for alternative sources of funding such as equity or debt fund raising through the placement of securities of the Company to investors or other fund raising opportunities to raise the requisite funding for the working capital requirements of the Group. Should the Company also fail to raise such alternative funding, the Group and the Company may not be able to operate as a going concern and trading of the Shares may be suspended pursuant to Rule 1303(3) of the Catalist Rules.

Not applicable. While the Company intends to deploy part of the Net Proceeds for mergers and acquisition activities, as at the Latest Practicable Date, the Company has not identified any specific asset which the Company intends, directly or indirectly, to acquire or refinance the acquisition of an asset using the Net Proceeds. Nevertheless, in the event that an opportunity arises for the Company to acquire any specific asset which the Directors deem to be in the interest of the Company to acquire, the Company may, subject to such announcement and/or approval of Shareholders being obtained if required by the Catalist Rules, utilise part of the Net Proceeds to finance such acquisition.

- 6. If any material part of the proceeds to be raised by the relevant entity will be used to discharge, reduce or retire the indebtedness of the relevant entity or, if the relevant entity is the holding company or holding entity of a group, of the group, describe the maturity of such indebtedness and, for indebtedness incurred within the past year, the uses to which the proceeds giving rise to such indebtedness were put.**

The Company was incorporated in Singapore on 19 July 2009 under the Companies Act as a private company limited by shares, under the name “Clearbridge Biomedics Pte. Ltd.”. On 1 November 2018, the Company was converted into a public company limited by shares and the name of the Company was changed to “Biolidics Limited” in connection therewith. For cancer diagnostics, the Group has developed and commercialised the ClearCell[®] FX1 System, a fully automated medical device which relies on a novel, patented technology to separate and enrich cancer cells from blood, allowing users of the system to perform liquid biopsies to test for the presence of cancer cells (specifically circulating tumour cells, or CTCs) in blood samples or perform further analysis on cancer cells. Liquid biopsies (which may include analysis of the CTCs in blood samples) have many applications throughout the various stages of a patient’s cancer journey, from cancer screening and staging to personalised treatment, and post-cancer monitoring.

In addition, the Group has formed an infectious diseases division to develop, market and/or distribute certified test kits with various diagnostic partners.

The Group also has a College of American Pathologists accredited clinical laboratory in Singapore that offers a wide range of tests, which could potentially accelerate its revenue growth and execution of its business strategy in cancer diagnostics. The laboratory has obtained regulatory approval from Singapore’s Ministry of Health for molecular microbiology testing and PCR testing services for COVID-19 in Singapore has been added as part of the laboratory’s service offerings.

REGULATIONS 2018**

9M FY2022 as compared against 9M FY2021

Revenue

Revenue decreased by 15.0% or S\$0.26 million, from S\$1.71 million in 9M FY2021 to S\$1.45 million in 9M FY2022, due mainly to a decrease in sales of our COVID-19 related products which amounted to S\$0.34 million in 9M FY2022, as compared to S\$1.32 million in 9M FY2021, arising from a growing supply of antigen and antibody test kits which led to a highly competitive market under the constraints of intense price competition. Revenue from the sales of our ClearCell[®] FX1 system, our CTChip[®] FR1 biochip and other related services and consumables also decreased from S\$0.26 million in 9M FY2021 to S\$0.13 million in 9M FY2022.

These decreases were partially offset by an increase in revenue from rendering of laboratory services from S\$0.12 million in 9M FY2021 to S\$0.98 million in 9M FY2022. The significant increase in revenue from rendering of laboratory services was due to an increase in PCR test services as we transformed our business model into provision of PCR test services on a 24/7 basis. The increase in demand for PCR test services was due mainly to the increase in the number of travellers from the PRC.

Other income

Other income increased by 38.1% or S\$0.09 million, from S\$0.24 million in 9M FY2021 to S\$0.33 million in 9M FY2022, due mainly to an increase of S\$0.11 million in government grant income.

Changes in inventories

We recorded a decrease of S\$0.13 million in the closing balance of our inventories in 9M FY2022, as compared to an increase of S\$0.21 million in 9M FY2021. The fluctuations in the balance of our inventories were due mainly to the timing of purchase and sale of inventories.

Purchases

Our purchases decreased by S\$1.04 million or 58.3%, from S\$1.78 million in 9M FY2021 to S\$0.74 million in 9M FY2022, in line with the decrease in sales of our COVID-19 related products during the financial period.

Employee benefits expense

Employee benefits expense increased by S\$0.61 million or 50.0%, from S\$1.23 million in 9M FY2021 to S\$1.84 million in 9M FY2022, due mainly to increased hiring to support the growth of our laboratory services business.

Depreciation expense

Depreciation expense remained relatively unchanged at S\$0.62 million and S\$0.64 million in 9M FY2021 and 9M FY2022 respectively.

R&D expense decreased by 69.8% or S\$0.45 million, from S\$0.65 million in 9M FY2021 to S\$0.20 million in 9M FY2022, due mainly to the reduction in R&D activities during the financial period.

Other expenses

Other expenses decreased by 41.3% or S\$0.70 million, from S\$1.69 million in 9M FY2021 to S\$0.99 million in 9M FY2022, due mainly to a decrease in professional fees (cash-settled).

Finance costs

Finance costs decreased by S\$0.03 million, from S\$0.16 million in 9M FY2021 to S\$0.13 million in 9M FY2022, due mainly to the reducing balances of the term loans.

Income tax credit pertains to the reversal of deferred tax liabilities arising from the CAP accreditation of Biomedics Laboratory Pte. Ltd..

Loss for the period

As a result of the foregoing, loss for the period decreased by S\$1.07 million or 25.2%, from S\$4.23 million in 9M FY2021 to S\$3.16 million in 9M FY2022.

FY2021 as compared against FY2020

Revenue

Revenue decreased by 74.0% or S\$6.60 million, from S\$8.91 million in FY2020 to S\$2.31 million in FY2021, due mainly to the decrease in sales of our COVID-19 related products which amounted to S\$1.81 million in FY2021, as compared to S\$7.81 million in FY2020. The decrease was due to a growing supply of COVID-19 antigen and antibody test kits which led to a highly competitive market under the constraints of intense price competition.

Revenue from the sales of our ClearCell[®] FX1 system, our CTChip[®] FR1 biochip and other related services and consumables decreased from S\$1.06 million in FY2020 to S\$0.34 million in FY2021, while revenue from rendering of laboratory services increased from S\$0.04 million in FY2020 to S\$0.16 million in FY2021.

The decrease was partially offset by a foreign exchange gain as a result of the strengthening of the United States Dollar arising from certain bank balances denominated in United States Dollar, and a gain from the remeasurement of the Deferred Consideration payable for the Acquisition as a result of the extension of the due date of the Deferred Consideration.

Changes in inventories

We recorded a decrease of S\$0.04 million in the closing balance of our inventories in FY2021, as compared to an increase of S\$0.63 million in FY2020. The fluctuation in the balance of our inventories was due mainly to the timing of the purchase and sale of inventories.

Our purchases decreased by 70.6% or S\$4.30 million, from S\$6.10 million in FY2020 to S\$1.80 million in FY2021, in line with the decrease in sales of our COVID-19 related products during the year.

Employee benefits expense

Employee benefits expense decreased by 39.8% or S\$1.09 million, from S\$2.74 million in FY2020 to S\$1.65 million in FY2021, due mainly to a decrease of S\$1.32 million in share-based payment expense in FY2021, partially offset by S\$0.40 million in additional salaries of employees of Biomedics Laboratory Pte. Ltd. which was acquired in May 2020.

Depreciation expense

Depreciation expense remained relatively stable at S\$0.75 million and S\$0.84 million, in FY2020 and FY2021.

Amortisation expense

Amortisation expense increased by 70.6% or S\$0.18 million, from S\$0.24 million in FY2020 to S\$0.42 million in FY2021, due mainly to the amortisation of the CAP accreditation of Biomedics Laboratory Pte. Ltd..

Other expenses

Other expenses decreased by 32.6% or S\$1.31 million, from S\$4.01 million in FY2020 to S\$2.70 million in FY2021. The decrease was due mainly to (i) a decrease of S\$0.35 million in professional fees (cash-settled), (ii) a decrease of S\$0.52 million in professional fees (equity-settled), (iii) a decrease of S\$0.16 million in travelling expenses, and (iv) a foreign exchange gain of S\$0.08 million recognised under other income in FY2021 as compared to a foreign exchange loss of S\$0.55 million in FY2020, partially offset by an increase of S\$0.30 million in inventories written off, relating to expired COVID-19 related products.

Finance costs

Finance costs increased by 63.7% or S\$0.08 million, from S\$0.13 million in FY2020 to S\$0.21 million in FY2021, due mainly to an increase of S\$0.06 million in interest expense from the working capital bank loan drawn down in April 2020 and November 2020, and accretion of S\$0.03 million in interest on the Deferred Consideration payable for the Acquisition.

Income tax credit

Income tax credit pertains to the reversal of deferred tax liabilities arising from the CAP accreditation of Biomedics Laboratory Pte. Ltd..

We recorded an increase of S\$0.63 million in the closing balance of our inventories in FY2020, as compared to an increase of S\$0.07 million in FY2019. The fluctuations in the balance of our inventories were due mainly to the timing of purchase and sale of inventories.

Purchases

Our purchases increased by S\$5.55 million, from S\$0.55 million in FY2019 to S\$6.10 million in FY2020, due mainly to the increase in sales of our COVID-19 Antibody Test Kits during the year.

Employee benefits expense

Employee benefits expense increased by 81.6% or S\$1.23 million, from S\$1.51 million in FY2019 to S\$2.74 million in FY2020, due mainly to share-based payment expense of S\$1.37 million as a result of the vesting of Awards granted under the Biolidics Performance Share Plan.

Depreciation expense

Depreciation expense increased by 26.8% or S\$0.16 million, from S\$0.59 million in FY2019 to S\$0.75 million in FY2020, due mainly to the depreciation of office renovation following the Company's office relocation in the second half of FY2019 and the depreciation of plant and equipment purchased since the second half of FY2019, as compared to a full year depreciation in FY2020.

Amortisation expense

Amortisation expense increased by 428.3% or S\$0.19 million, from S\$0.05 million in FY2019 to S\$0.24 million in FY2020, due mainly to the amortisation of the CAP accreditation of Biomedics Laboratory Pte. Ltd., identified as an intangible asset during the Purchase Price Allocation review.

R&D expense

R&D expense decreased by 28.8% or S\$0.35 million, from S\$1.23 million in FY2019 to S\$0.88 million in FY2020, due mainly to the reduction in R&D activities during the year.

Finance costs

Finance costs increased by S\$0.12 million, from approximately S\$6,000 in FY2019 to S\$0.13 million in FY2020, due mainly to the interest expense from the bank loan and lease liabilities and accretion of interest on the Deferred Consideration payable for the Acquisition.

Revenue

Revenue increased by 13.4% or S\$0.17 million, from S\$1.27 million in FY2018 to S\$1.44 million in FY2019, due mainly to an increase in the sales of our ClearCell[®] FX1 System and related consumables as a result of an expanded customer base contributed by laboratories that collaborated with the Company to develop cancer diagnostics tests.

Other income

Other income increased by 233.8% or S\$0.15 million, from S\$0.07 million in FY2018 to S\$0.22 million in FY2019, due mainly to interest income on fixed deposits placed with the banks in FY2019.

Changes in Inventories

We recorded an increase of approximately S\$0.07 million in the closing balance of our inventories in FY2019, as compared to a decrease of S\$7,000 in FY2018. The fluctuations in the balance of our inventories were due mainly to the timing of purchase and sale of inventories.

Purchases

Our purchases increased by 43.0% or S\$0.17 million from S\$0.38 million in FY2018 to S\$0.55 million in FY2019, due mainly to the increase in purchases made for our ClearCell® FX1 Systems and related consumables in anticipation of higher demand in view of our collaborations with various partner laboratories to develop cancer diagnostics tests.

Depreciation expense

Depreciation expense increased by 64.1% or S\$0.23 million, from S\$0.36 million in FY2018 to S\$0.59 million in FY2019, due mainly to the adoption of SFRS(I) 16 resulting in recognition of depreciation expense on the right-of-use assets and depreciation charged on plant and equipment purchased during the year.

Other expenses

Other expenses decreased by 25.8% or S\$0.91 million, from S\$3.52 million in FY2018 to S\$2.61 million in FY2019. The decrease was due mainly to the following:

- (i) a one-off expense in FY2018 pertaining to the professional fees and other miscellaneous expenses incurred pursuant to the listing and initial public offering ("IPO") of the Company's shares on Catalist amounting to S\$1.12 million;
- (ii) a S\$0.07 million decrease in intangible assets written off; and

(iii) a S\$0.18 million decrease in clinical studies as a result of the completion of a collaboration with Institute of Cancer Research: Royal Cancer Hospital in FY2018.

This was partially offset by a S\$0.46 million increase in travel expenses in line with the increase in sales and marketing efforts and increase in activities relating to collaboration with partner laboratories to develop cancer diagnostics tests.

9M FY2022

Operating cash outflow before movements in working capital amounted to S\$2.24 million in 9M FY2022. Net cash used for working capital amounted to S\$0.09 million due mainly to (i) a decrease in trade and other payables of S\$0.17 million, and (ii) an increase in trade receivables of S\$0.31 million, partially offset by (i) a decrease in other receivables of S\$0.15 million, (ii) a decrease in prepayments of S\$0.16 million, and (iii) a decrease in inventories of S\$0.08 million. As a result, net cash used in operating activities was S\$2.42 million in 9M FY2022.

Net cash used in financing activities for 9M FY2022 amounted to S\$0.97 million. This was due mainly to payment of S\$0.76 million and S\$0.21 million of the principal portion of borrowings and principal portion of lease liabilities, respectively in 9M FY2022.

As a result of the above, there was a net decrease in cash and cash equivalents by S\$3.46 million, from S\$3.96 million as at 31 December 2021 to S\$0.53 million as at 30 September 2022.

FY2021

As a result, net cash used in operating activities was S\$4.62 million in FY2021.

Net cash used in investing activities for FY2021 amounted to S\$0.86 million. 8. **Provide a statement by the directors or equivalent persons of the relevant entity as to whether, in their reasonable opinion, the working capital available to the relevant entity or, if it is the holding company or holding entity of a group, to the group, as at the date of lodgement of the offer information statement, is sufficient for at least the next 12 months and, if insufficient, how the additional working capital considered by the directors or equivalent persons to be necessary is proposed to be provided. When ascertaining whether working capital is sufficient, any financing facilities which are not available as at the date of the lodgement of the prospectus must not be included, but net proceeds from the offer may be taken into account if the offer is fully underwritten. Where the offer is not fully underwritten, minimum net proceeds may be included only if it is an express condition of the offer that minimum net proceeds are to be raised and that the application moneys will be returned to investors if the minimum net proceeds are not raised.**

Taking into consideration the Group's present bank facilities, as at the date of lodgement of this Offer Information Statement, the Directors are of the opinion that the working capital available to the Group is not sufficient to meet its present requirements for the next 12 months.

After taking into further consideration, *inter alia*, the Disclaimer of Opinion, the Group's financial performance for FY2021 and 9M FY2022, the Group's cash and cash equivalents and financial position as at 30 September 2022 and the Cash Flow Forecast, in the reasonable opinion of the Directors, the Minimum Amount which must be raised from the Rights Issue to meet the Group's present funding requirements for the next 12 months is S\$2.0 million.

The Directors are of the opinion that, as at the date of this Offer Information Statement and after taking into consideration the Group's present bank facilities and assuming the Company is able to raise Net Proceeds amounting to at least the Minimum Amount, the working capital available to the Group is sufficient to meet its present requirements for the next 12 months.

In the event that the Minimum Amount is not raised from the Rights Issue, the Group will look for alternative sources of funding such as equity or debt fund raising through the placement of securities of the Company to investors or other fund raising opportunities to raise the requisite funding for the working capital requirements of the Group. Should the Company also fail to raise such alternative funding, the Group and the Company may not be able to operate as a going concern and trading of the Shares may be suspended pursuant to Rule 1303(3) of the Catalist Rules.

Business and Financial Prospects of the Group for the Next 12 Months

Since the onset of the COVID-19 pandemic in 2020, in addition to its liquid biopsy products, the Group had broadened its product and service offerings through the development and commercialisation of its own COVID-19 related products, as well as the sale and distribution of third-party medical and healthcare-related products and other technologies within the diagnostic space. In FY2021, the Group's clinical laboratory in Singapore added medical microbiology (molecular microbiology) services, which includes COVID-19 PCR testing, as one of its service offerings which it will continue to offer in the current financial year ending 31 December 2022.

Nevertheless, due to the rapidly evolving nature of the COVID-19 pandemic, the Group continues to be exposed to various uncertainties and challenges such as the emergence of competing and newer technologies, product regulatory changes, and changes in travel policies and restrictions, which could affect the Group's commercialisation strategies and activities. The COVID-19 pandemic has also resulted in significant delays to the Group's development of its cancer diagnostics business segment. The Group will continue to review its product and service offerings in order to keep pace with the uncertainties and challenges and ensure that the Group's business remains relevant and sustainable. The Group will also continue to explore merger and acquisition opportunities to improve its financial performance.

In addition, to manage the challenges and uncertainties, including rising cost of conducting business, the Group has since June 2022 implemented cost rationalisation measures such as streamlining of its manpower structure, scaling down of the R&D activities for its cancer diagnostics business segment, and reducing the engagement of external service providers.

To strengthen its financial position, the Group may explore opportunities to monetise its assets, including its intellectual properties which is encapsulated in the ClearCell[®] FX1 system as well as fund raising opportunities, such as the undertaking of the Rights Issue and, if opportunities arise, undertaking equity issuances in the future.

The Company will continue to provide timely updates to shareholders should there be any material development affecting the Group's business and operations.

Risk Factors

*Prospective investors should carefully consider and evaluate each of the following considerations and all other information contained in this Offer Information Statement before deciding whether to invest in the Rights Shares. **THE RISKS DESCRIBED BELOW ARE NOT INTENDED TO BE EXHAUSTIVE.** In addition to the risks described below, the Group could be affected by risks relating to the industry and countries in which the Group operates as well as economic, business, market and political risks. There may be additional risks not presently known to the Group, or that the Group may currently deem immaterial, but which could affect its operations, possibly materially. If any of the following considerations and uncertainties develops into actual events, the business, results of operations, financial condition and prospects of the Group could be materially and adversely affected. In such event, the market price of the Shares and/or the Rights Shares could decline, and investors may lose all or part of their investment in the Shares and/or the Rights Shares. Before*

Risk factors relating to the financial performance and financial condition of the Group

Our independent auditors had issued the Disclaimer of Opinion in respect of the audited consolidated financial statements of the Group and the Company for FY2021

The Company’s independent auditors, Ernst & Young LLP, had issued the Disclaimer of Opinion in their independent auditor’s report dated 11 April 2022 on the audited consolidated financial statements of the Group and the Company for FY2021. The basis for the Disclaimer of Opinion is in relation to (i) the use of the Group’s going concern assumption, and (ii) the impairment assessment of the Group’s plant and equipment, right-of-use assets, intangible assets and goodwill, and the Company’s investments in subsidiaries and other receivable due from a subsidiary.

Shareholders are advised to pay careful attention to the disclosures set out the Company’s announcement dated 11 April 2022 in relation to the Disclaimer of Opinion.

We had incurred net losses and net operating cash outflow, and we are facing going concern issues

For FY2021 and 9M FY2022, the Group had recorded a net loss of approximately S\$6.0 million and S\$3.2 million respectively, and a net operating cash outflow of approximately S\$4.6 million and S\$2.4 million respectively. As at 30 September 2022, the Group was in a net equity deficit position of approximately S\$0.9 million and had cash and cash equivalents of approximately S\$0.5 million. These conditions indicate that a material uncertainty exists that may cast significant doubt on the Group’s ability to continue as a going concern.

After taking into consideration, *inter alia*, the Disclaimer of Opinion, the Group’s financial performance for FY2021 and 9M FY2022, the Group’s cash and cash equivalents and financial position as at 30 September 2022 and the Cash Flow Forecast, in the reasonable opinion of the Directors, the Minimum Amount which must be raised from the Rights Issue to meet the Group’s present funding requirements for the next 12 months is S\$2.0 million.

In the event that the Minimum Amount is not raised from the Rights Issue, the Group will look for alternative sources of funding such as equity or debt fund raising through the placement of securities of the Company to investors or other fund raising opportunities to raise the requisite funding for the working capital requirements of the Group. Should the Company also fail to raise such alternative funding, the Group and the Company may not be able to operate as a going concern and trading of the Shares may be suspended pursuant to Rule 1303(3) of the Catalist Rules.

**SIXTEENTH SCHEDULE OF THE SECURITIES AND FUTURES
(OFFERS OF INVESTMENTS)
(SECURITIES AND SECURITIES-BASED DERIVATIVES CONTRACTS)
REGULATIONS 2018**

Should trading of the Shares be suspended pursuant to Rule 1303(3) of the Catalist Rules, in accordance with Rule 1303(4) of the Catalist Rules, the Company must, *inter alia*, submit a proposal (or proposals) to the SGX-ST with a view to resuming trading in the Shares within 12 months of the date of the suspension, failing which the SGX-ST may remove the Company from the Official List of the SGX-ST.

The Company will publicly announce any material development which would affect the Group's ability to operate as a going concern through an announcement which will be posted on the website of the SGX-ST at <https://www.sgx.com>.

Risk factors relating to the Group's business and industry

We may be affected by the prolongation of the COVID-19 pandemic, or other infectious or widespread communicable diseases or any other serious public health concerns in Singapore and elsewhere

An outbreak of infectious or widespread communicable diseases in the region or around the world could materially and adversely affect our business. In addition, any such occurrence could result in sporadic or prolonged market and/or supply disruptions, an economic downturn or recession, volatilities in domestic and/or international financial markets and may materially and adversely affect the markets in which we operate or have a presence.

In late 2019, a novel strain of coronavirus COVID-19, was reported to have surfaced in Wuhan, PRC and on 11 March 2020, the World Health Organisation declared the outbreak a pandemic. In response to the COVID-19 outbreak, a number of governments around the world imposed nationwide measures to curb the spread of COVID-19 such as travel and transportation restrictions, lockdowns and quarantines and prolonged closure of workplaces, businesses, schools and other public venues. As a result of the COVID-19 pandemic, we experienced significant delays to the Group's development of its cancer diagnostics business segment.

Given the uncertainties as to the development of the COVID-19 pandemic, it is difficult to predict how long such conditions will exist and the extent to which our Group may be affected by such conditions. As the Group has operations in countries such as Singapore and the PRC, any pandemic outbreak and the resulting adverse impact on economic activity, or the measures taken by the governments of these countries against such an outbreak, could disrupt the Group's business and operations and undermine investor confidence, thereby adversely affecting our business, financial condition and results of operations.

(OFFERS OF INVESTMENTS)
(SECURITIES AND SECURITIES-BASED DERIVATIVES CONTRACTS)
REGULATIONS 2018**

We require highly skilled and technically capable staff to operate successfully

Our ability to operate successfully and manage our future growth depends significantly on our ability to attract, retain and motivate highly skilled and qualified research, technical, clinical, regulatory, sales, marketing, managerial and financial personnel. Skilled personnel with the appropriate experience in our industry are limited and competition for the employment of such personnel is intense. There is no assurance that we will be able to attract the necessary skilled personnel or that we will be able to retain such skilled personnel. If we are unable to retain our skilled personnel or find suitable and timely replacements for the skilled personnel that leave us, our business operations will be materially and adversely affected.

In addition, competition for skilled and qualified workers may require us to enhance our remuneration packages in order to remain competitive in recruiting or retaining our staff, which may significantly increase our costs. We believe that factors that such skilled and qualified personnel consider important in choosing their employer include the level of compensation, the reputation of the prospective employer, professional relationships, quality of facilities, research opportunities, community relations, and job satisfaction. We may not always compare favourably with our competitors. If any of our employees joins a competitor or starts a competing business, we may lose know-how, trade secrets, clients and key professionals and staff. Certain of our employees have non-compete provisions in their employment agreements and have also signed non-disclosure and confidentiality agreements with us in relation to the sensitive business information to which they have access. Non-compete provisions may be restrictively interpreted by the courts of the countries in which we operate in the context of employment contracts. We cannot assure you that a court would enforce such provisions in a manner that protects our interests or at all.

Our success will also depend on the ability of our officers and key employees to continue to implement and improve our operational, financial and other systems, to manage multiple, concurrent customer relationships, to respond to increasing compliance requirements and to hire, train and manage our employees. Our future success is heavily dependent upon growth and acceptance of our products. If we cannot scale our business appropriately or otherwise adapt to anticipated growth and complexity and new product introductions, a key part of our strategy may not be successful.

Changes in government policies may also result in a shortage of skilled and qualified personnel and will likely increase the costs of recruiting and retaining such personnel. Our business, financial condition and results of operations could be materially and adversely affected if our costs of recruiting and retaining suitable staff increase significantly. If we are unable to successfully manage our growth and expansion through recruiting and retaining sufficient skilled and qualified personnel, our business, financial condition and results of operations may be materially and adversely affected.

Clinical validation of our products and services involves significant costs and risks

Commercial acceptance of our products and services by, among others, physicians, patients and the medical community is dependent on the successful demonstration of clinical utility of these products and services, which in turn depends on the success of clinical validations. Clinical validation could be time-consuming and expensive. The length of time required to complete clinical validation for clinical diagnostics and laboratory tests varies substantially according to the degree of regulation and the type, complexity, novelty and intended use of a test, and can continue for an extended period of time, causing significant costs to be incurred over several years. The commencement and completion of clinical validation for our products and/or services may be delayed by many factors, including:

- governmental or regulatory delays and changes in regulatory requirements, policies and guidelines that are evaluated for approval;
- limited number of, and competition for, suitable patients that meet the protocol's inclusion criteria and do not meet any of the exclusion criteria;
- delay or failure to reach an agreement on acceptable clinical validation terms or clinical validation protocols with prospective sites or investigators;
- delay or failure to obtain the institutional review board's approval or renewal to conduct a clinical validation at a prospective or accruing site, respectively;
- inability or unwillingness of patients or medical investigators to follow our clinical validation protocols or allocate sufficient resources to complete our clinical validations;
- lack of sensitivity and specificity during clinical validation; and
- varying interpretation of data by regulatory agencies.

Clinical validation may identify significant effectiveness or technical problems or other obstacles that will need to be overcome before we can demonstrate the clinical utility of our products and/or services. This may involve conducting new or additional validation studies at significant additional cost.

We may not be able to adequately protect our patents, intellectual property rights and other proprietary rights

Our patents and proprietary technology may not be sufficient to protect our intellectual property rights, which we believe are critical to our business. In addition, our success will depend, in part, on our ability to maintain and defend our patents, which include patents covering the technologies and processes involved in our ClearCell[®] FX1 System and our CTChip[®] FR1 biochip. However, the technologies and processes covered by all of our patents may be found to be obvious or substantially similar to prior work, which could render these patents unenforceable. Moreover, as our patents will at one time or another expire, competitors may then utilise the technology found in such patents. In order to offset the expiring patents, we may endeavour to secure additional patents on critical, commercially desirable improvements to the inventions of the expiring patents. There can be no assurance that we will be successful in securing such additional patents, or that such additional patents will adequately offset the effect of the expiring patents.

**SIXTEENTH SCHEDULE OF THE SECURITIES AND FUTURES
(OFFERS OF INVESTMENTS)
(SECURITIES AND SECURITIES-BASED DERIVATIVES CONTRACTS)
REGULATIONS 2018**

There can be no assurance that pending patent applications will result in issued patents, that future patent applications will be issued, that patents issued to or licensed by us will not be challenged or circumvented by competitors or that such patents will be found to be valid or sufficiently broad to protect our technology or to provide us with a competitive advantage. The validity and breadth of claims in medical technology patents involve complex legal and factual questions. Our patents may be found to be invalid and other companies may claim rights in or ownership of the patents and other proprietary rights held or licensed by us. Also, our existing patents may not cover products and/or services that we develop in the future. Moreover, when our patents expire, the inventions will enter the public domain.

The coverage of patents is subject to interpretation by the courts, and such interpretation is not always uniform or predictable. Where a competitor infringes on our patent and other proprietary rights, we intend to enforce our intellectual property rights when we determine that a successful outcome is probable and may lead to an increase in the value of the intellectual property. If we choose to enforce our intellectual property rights against a party, that individual or company has the right to ask the court to rule that such intellectual property rights are invalid or should not be enforced. These lawsuits and proceedings are expensive and would consume time and resources and divert the attention of our managerial and scientific personnel even if we were successful in stopping the infringement of such intellectual property rights. In addition, there is a risk that the court will decide that such intellectual property rights are not valid and that we do not have the right to stop the other party from using the inventions. There is also the risk that, even if the validity of such intellectual property rights is upheld, the court will refuse to stop the other party on the ground that such other party's activities do not infringe our intellectual property rights. Any failure to enforce our intellectual property rights or to defend any legal proceedings regarding our intellectual property rights, including those patents covering the technologies and processes involved in our ClearCell[®] FX1 System and our CTChip[®] FR1 biochip, may materially and adversely affect our business, financial condition and results of operations.

Our registered or unregistered trade marks or trade names may be challenged, infringed, circumvented or declared generic or determined to be infringing on other marks. We may not be able to protect our rights to these trade marks and trade names, which we need to build name recognition by potential partners or customers in our markets of interest. Furthermore, it can be difficult and costly to defend trade marks from encroachment or misappropriation outside Singapore. Over the long term, if we are unable to establish name recognition based on our trade marks and trade names, we may not be able to compete effectively and our business, financial condition and results of operations may be materially and adversely affected.

Although we have not experienced any of the above events in the past which had a material impact on our business, financial condition and results of operations, we cannot assure you that any future occurrence of such events will not have a material adverse effect on our business, financial condition and results of operations.

We are exposed to the risk of claims by third parties that we have infringed their intellectual property rights

We may be subject, in the ordinary course of our business, to legal proceedings and claims from time to time relating to the intellectual property of others, which could have a material adverse effect on our business, financial condition and results of operations. We cannot be sure that the products, services, technologies and advertising we employ in our business do not or will not infringe valid patents, trade marks, copyrights or other intellectual property rights held by third parties. In addition, our collaboration and joint venture partners may not

properly maintain or defend our intellectual property rights or may use our proprietary information in such a way as to invite litigation that could jeopardise or invalidate our intellectual property or proprietary information or expose us to potential litigation. They may also infringe the intellectual property rights of third parties, which may expose us to litigation and potential liability. Any legal action against us claiming damages or seeking to enjoin commercial activities relating to the affected products or our methods or processes may:

- require us, or our partners, to obtain a licence to continue to use, manufacture or market the affected products, methods or processes, and such a licence may not be available on commercially reasonable terms, if at all;
- prevent us from making, using or selling the subject matter claimed in patents held by others and subject us to potential liability for damages;
- consume a substantial portion of our managerial and financial resources; or
- result in litigation or administrative proceedings that may be costly, whether resolved in our favour or not.

Although we have not experienced any of the above events in the past which had a material impact on our business, financial condition and results of operations, we cannot assure you that any future occurrence of such events will not have a material adverse effect on our business, financial condition and results of operations.

We may require additional funding for our future capital expenditure and working capital, as well as to implement our long-term business strategies

We may require additional funding for our working capital and business expansion (organically or through mergers and acquisitions). It is likely that we will need to access the capital markets for debt or equity financing to fund our future expansion. Our future capital requirements may be substantial and we may need significant external financing to fund our growth. Our ability to obtain additional financing depends on a number of factors, such as market conditions, our operating performance and the commercial viability of our products and/or services.

There is no assurance that we will be able to obtain additional financing in a timely manner and on terms that are acceptable to us or at all. If we require additional funds and cannot raise them on acceptable terms, we may not be able to:

- execute our growth plan for our products and/or services;
- take advantage of future opportunities, including synergistic acquisitions; or
- proactively respond to customers, competitors or violators of our proprietary and contractual rights.

In addition to the above, we may be forced to delay R&D activities, clinical validations, potential investments or otherwise curtail or cease our operations. Should such events occur, our business, financial condition and results of operations may be materially and adversely affected.

REGULATIONS 2018**

Further, if we raise additional funds by way of a placement or by a rights offering or through the issuance of new Shares or other securities, this may require additional investments by Shareholders. Any Shareholders who are unable or unwilling to participate in such an additional round of fund raising may suffer dilution in their investment. If we fail to utilise the new equity to generate a commensurate increase in earnings, our earnings per Share will be diluted and this could lead to a decline in our share price.

We may also raise additional funds by issuing debt securities or by borrowing from banks or other resources. Any debt financing may, in addition to increasing our interest expense and debt to equity ratio, be accompanied by conditions that limit our ability to pay dividends, require us to seek lenders' consent for payment of dividends or restrict our freedom to operate our business by requiring lenders' consent for certain corporate actions. If we are unable to procure the additional funding that may be required on acceptable terms or at all or if we are unable to service our potential new debt financing, our business, financial condition and results of operations may be materially and adversely affected.

We are reliant on relationships with strategic partners

We collaborate with strategic partners such as academic and research institutes for funding, networking, development, commercialisation and marketing of our products. Such collaborations are generally non-exclusive in nature. Any benefits that are received by us through these relationships are dependent upon these relationships continuing. Failure to enter into or the termination of these relationships could restrict our growth and materially and adversely affect our business, financial condition and results of operations. In addition, there can be no assurance that future agreements with strategic partners can be made on commercially acceptable terms, or at all.

We do not have the resources necessary to independently develop and commercialise all the potential products that may result from the technologies we develop. We have limited or no control over the resources any strategic partner may devote to our products. Any of our present or future strategic partners may not perform their obligations as expected. These strategic partners may breach or terminate their agreements with us or otherwise fail to conduct their collaborative activities successfully and in a timely manner. Further, our strategic partners may not develop products arising out of the collaborative arrangements or devote sufficient resources to the development, marketing or commercialisation of these products and technologies.

We face significant competition in seeking appropriate strategic partners. Our ability to reach a definitive agreement for collaboration will depend, among other things, upon our assessment of the strategic partner's resources and expertise, the terms and conditions of the proposed collaboration and the proposed partner's evaluation of a number of factors. These factors may include the design or results of clinical trials, the likelihood of approval by the US FDA, CNMPA or similar regulatory authorities, the potential market for the subject product candidate, the costs and complexities of manufacturing and the potential of competing products. The strategic partner may also consider alternative product candidates or technologies for similar indications that may be available to collaborate on and whether such collaboration could be more attractive than the one with us for our product candidate.

**SIXTEENTH SCHEDULE OF THE SECURITIES AND FUTURES
(OFFERS OF INVESTMENTS)
(SECURITIES AND SECURITIES-BASED DERIVATIVES CONTRACTS)
REGULATIONS 2018**

Disagreements with strategic partners may develop over rights to our products and technology. In addition, collaborative agreements entered into or to be entered into with collaborators may have provisions that could give rise to disputes regarding rights and obligations of the parties. Any conflict with strategic partners could lead to termination of the agreement/arrangements we may have with such parties or result in litigation or arbitration, which could materially and adversely affect our business. Further, some of the strategic partners are or may become competitors in the future. If strategic partners develop competing products, preclude us from entering into collaborations with their competitors, fail to obtain necessary regulatory approvals, terminate their agreements with us prematurely, or fail to devote sufficient resources to the development and commercialisation of our products and technologies, our development efforts, business, financial condition and results of operations could be materially and adversely affected.

We are subject to extensive legal and regulatory requirements in the countries in which we operate and any changes in the relevant laws and regulations may significantly increase our compliance burden

Our products and business activities are regulated by various laws and regulations governing medical devices in the countries in which we market and sell our products and we are subject to extensive supervision by government and other agencies in respect of various aspects of our operations, including licensing and certification requirements, product registration requirements, quality and safety standards and periodic renewal and reassessment procedures.

Commercialisation of our products requires access to, or the development of manufacturing facilities that meet applicable regulatory standards to ensure a consistent supply of our products. For example, we are required to possess various permits, licences or certifications to market and sell our products and our suppliers, distributors and manufacturers are subject to similar requirements. If we or these third parties, including our suppliers, distributors and manufacturers, are unable to obtain or renew such permits, licences or certifications in a timely manner, or at all, we and/or such third parties may not be able to manufacture, sell and/or distribute the relevant products in the relevant jurisdiction and our business operations in such jurisdictions may be materially disrupted.

The process of obtaining regulatory approvals to market a medical device or service can be costly and time-consuming. There can be no assurance that such approvals will be granted on a timely basis, if at all, or if granted, will not be withdrawn, restricted or changed. Furthermore, there can be no assurance of continuing compliance with all regulatory requirements necessary for the production, marketing and sale of the products or service in each market where they are currently sold, or that our products and services will continue to comply with applicable regulatory requirements.

We and our suppliers, distributors and manufacturers may also be subject to periodic inspections, examinations, inquiries or audits by government agencies, and an adverse outcome from any such inspection, examination, inquiry or audit may result in the loss or non-renewal of permits, licences or certifications required for essential business operations. In addition, we are subject to certain restrictions in the scope of our permitted business activities in certain jurisdictions. We incur ongoing costs and obligations associated with compliance with the relevant laws, regulations and standards, and failure to comply with

**SIXTEENTH SCHEDULE OF THE SECURITIES AND FUTURES
(OFFERS OF INVESTMENTS)
(SECURITIES AND SECURITIES-BASED DERIVATIVES CONTRACTS)
REGULATIONS 2018**

these laws, regulations and standards could result in additional costs for corrective measures, subject us to penalties or restrictions on our business operations or otherwise cause disruption to our business operations. For example, government agencies in the countries where we market and sell our products have the authority to order a mandatory recall of our products or order their removal from the market if there are material deficiencies or defects in the design, manufacture, installation, servicing or labelling of the device. A government-mandated voluntary recall or field action by us could occur as a result of component failures, manufacturing errors or design defects, including labelling defects. Any recall of our products may harm our reputation with customers and divert managerial attention and adversely affect our financial condition and results of operations.

We have had to react to changes in applicable laws, regulations, rules and guidance in the past and future changes to such laws, regulations, rules and guidance could require extensive changes to our business operations or give rise to increased compliance costs or material liabilities, which would have a material and adverse effect on our business, financial condition and results of operations. In addition, healthcare reforms in any of the jurisdictions we cover may result in structural changes to the relevant healthcare system. If we are unable to adapt our sales and marketing strategies accordingly, our business may be materially and adversely affected.

We operate in an emerging and fast-growing industry and our products and services could become non-competitive

Competition in the field of cancer diagnostics is intense and characterised by rapid development and introduction of new technologies and tests. Our competitors in the field of liquid biopsies include, among others, major diagnostic companies, clinical laboratories as well as research institutions who may have greater resources, longer operating histories or a wider range of products, or are better entrenched in the markets that we operate in or intend to venture into. In addition, new competitors may enter the industry, resulting in increased competition.

Our success will depend, in part, on our ability to develop, acquire, license and/or obtain distribution rights for new and improved technologies on favourable terms. We may not be able to negotiate acceptable licensing arrangements and such arrangements may not yield commercially successful tests. If we are unable to obtain the rights to testing methods that we conduct further development on at competitive rates, we may not be able to recover our R&D costs. In addition, if we are unable to obtain the rights to new or improved technologies to expand our laboratory testing solutions, our testing methods may become outdated when compared with our competitors, resulting in a decrease in demand for our services, thereby having a material adverse effect on our business, financial condition and results of operations.

In addition, our competitors may establish cooperative relationships with or obtain distributorship rights from other large incumbent medical technology and services companies. Competition may result in price reductions, reduced gross margins and loss of market share.

**SIXTEENTH SCHEDULE OF THE SECURITIES AND FUTURES
(OFFERS OF INVESTMENTS)
(SECURITIES AND SECURITIES-BASED DERIVATIVES CONTRACTS)
REGULATIONS 2018**

We may encounter unforeseen technological or scientific problems that will force abandonment or substantial change in the development of a specific product or process. In addition, if we introduce new products and/or services, or enhancements to existing products and/or services, our revenue and overall profitability may be negatively impacted. Among the risks associated with the introduction of new products and/or services are the acceleration of the economic obsolescence of the existing, unimproved products and/or services and their components, delays in development or manufacturing, variations in cost, delays in customer purchases in anticipation of new introductions, difficulty in predicting customer demand for the new and existing product and/or service offerings and the risks that new products and/or services may have quality or other defects.

Accordingly, the life cycles of our products and/or services are difficult to estimate. The introduction by other market participants of products and/or services harnessing new technologies and the emergence of new industry standards may render our products and/or services obsolete and unmarketable. Our failure to introduce new products and/or services that keep pace with technological advancements, respond to evolving consumer requirements and achieve market acceptance could have a material adverse effect on our business, financial condition and results of operations.

We have a limited operating history and it will be difficult to predict our future performance

We have a limited operating history. In particular, our laboratory services business segment was established only in May 2020 following the completion of the Acquisition and in December 2021, we were granted the approval by Singapore's Ministry of Health to provide medical microbiology (molecular microbiology) services at our clinical laboratory, including PCR testing for COVID-19. Revenue from our laboratory services business segment had accounted for approximately 97.5% and approximately 67.5% of our total revenue for the three-month financial period ended 30 September 2022 and 9M FY2022 respectively. As such, any evaluation of our Group and our prospects will be based on a limited operating history. Our limited operating experience, coupled with the rapidly evolving nature of the medical device and services business, our dependency on the sales uptake for our PCR testing services for COVID-19 and other factors beyond our control, may limit our success, viability and ability to accurately forecast revenue and expenses. Any predictions made about our future success or viability may not be as accurate as they could be if we had a longer operating history or approved products and/or services on the market.

Our results of operations may significantly fluctuate from quarter to quarter or year to year due to a variety of factors, many of which are beyond our control. Fluctuations in our business may also be caused by the risk factors set out in this section.

We are vulnerable to fluctuations in demand in the industries in which our customers operate

It is anticipated that our revenue, for the foreseeable future, will be derived from, among others, products and services provided to a number of industries including the healthcare, pharmaceutical and biotechnology industries. Accordingly, our success may depend upon such industries' demand for the products and services. Demand may vary as a result of factors outside our control such as changes in economic conditions and regulatory

**SIXTEENTH SCHEDULE OF THE SECURITIES AND FUTURES
(OFFERS OF INVESTMENTS)
(SECURITIES AND SECURITIES-BASED DERIVATIVES CONTRACTS)
REGULATIONS 2018**

environment, pricing pressures and reimbursement policies, market driven pressures on companies to consolidate and reduce costs, and other factors affecting R&D spending. If such events were to occur, our business, financial condition and results of operations may be materially and adversely affected.

Cost containment measures instituted by healthcare providers and insurers and any general healthcare reform could have a material adverse effect on our ability to generate revenue from the sale of our products and/or services. Significant changes in healthcare systems could have a substantial impact on the manner in which we conduct our business and could require us to revise our strategies. We cannot predict the effect of future legislation, regulation or reform concerning the healthcare industry on our business and what impact such proposals might have on demand for our products and/or services.

We may not be able to protect the confidentiality of our proprietary information and the value of our technology, products and/or services

In addition to patent and trade mark protection, we also rely on other proprietary rights, including protection of trade secrets and other proprietary information. To maintain the confidentiality of trade secrets and proprietary information, we enter into confidentiality agreements with our employees, consultants, collaborators and others upon the commencement of their relationships with us. These agreements typically require that all confidential information developed by the individual or made known to the individual by us during the course of the individual's relationship with us be kept confidential and not disclosed to third parties. Our agreements with employees and our personnel policies also typically provide that any inventions conceived by the individual in the course of rendering services to us shall be our exclusive property. However, we may not obtain these agreements in all circumstances, and individuals with whom we have these agreements may not comply with their terms. Thus, despite such agreements, such inventions may become assigned to third parties. In the event of unauthorised use or disclosure of our trade secrets or proprietary information, these agreements, even if obtained, may not provide meaningful protection, particularly for our trade secrets or other confidential information. To the extent that our employees, consultants or contractors use technology or know-how owned by third parties in their work for us, disputes may arise between us and those third parties as to the rights in related inventions. To the extent that an individual who is not obligated to assign rights in intellectual property to us is rightfully an inventor of intellectual property, we may need to obtain an assignment or a licence to that intellectual property from that individual, a third party or, that individual's assignee. Such assignment or licence may not be available on commercially reasonable terms or at all.

Adequate remedies may not exist in the event of unauthorised use or disclosure of our proprietary information. The disclosure of our trade secrets would impair our competitive position and may materially and adversely affect our business, financial condition and results of operations. Costly and time-consuming litigation may be necessary to enforce and determine the scope of our proprietary rights, and failure to maintain trade secret protection could adversely affect our competitive business position. In addition, others may independently discover or develop similar trade secrets and proprietary information, and the existence of trade secrets affords no protection against such independent discovery.

**SIXTEENTH SCHEDULE OF THE SECURITIES AND FUTURES
(OFFERS OF INVESTMENTS)
(SECURITIES AND SECURITIES-BASED DERIVATIVES CONTRACTS)
REGULATIONS 2018**

Although we have not experienced any of the above events in the past which had a material impact on our business, financial condition and results of operations, we cannot assure you that any future occurrence of such events will not have a material adverse effect on our business, financial condition and results of operations.

Our price margins are dependent on unpredictable market conditions

If market conditions force us to sell our products and services at lower prices, or if we are unable to effectively develop and market competitive products and services, our market share, margins and results of operations will likely decrease. The selling price of our products and services is subject to market conditions, such as:

- changes in the policies of government and third party payors;
- hospital or physician practice budgetary constraints;
- introduction of competing products;
- price reductions by our competitors;
- development of more effective products by our competitors; and
- lengthening of buying or selling cycles.

Should such events occur, our business, financial condition and results of operations may be materially and adversely affected.

Our performance is dependent on external factors beyond our control

Our operating results are affected by a number of factors, including:

- adverse changes in general economic conditions;
- fluctuations in demand for our products and services by customers in the healthcare, pharmaceutical and biotechnology industries, including the sales uptake for our PCR testing services for COVID-19;
- our ability to remain competitive in the liquid biopsy industry, which is evolving rapidly with new technologies replacing legacy products, services and paradigms; and
- fluctuations in the cost and availability of materials for our suppliers, which in turn affect the purchase price of our inventories.

Any one or a combination of these factors could materially and adversely affect our business, financial condition and results of operations in the future.

**SIXTEENTH SCHEDULE OF THE SECURITIES AND FUTURES
(OFFERS OF INVESTMENTS)
(SECURITIES AND SECURITIES-BASED DERIVATIVES CONTRACTS)
REGULATIONS 2018**

Our business could be materially and adversely affected by any harm to our reputation

Physicians and key opinion leaders typically influence the medical device purchasing decisions of the hospitals or academic medical centres in which they practice. Consequently, our reputation with physicians and key opinion leaders is critical to sales of our medical device and our continued growth. Any actual or perceived diminution in the quality of our products, or our failure or inability to maintain these other efforts, could damage our reputation with physicians and key opinion leaders and cause our sales and growth to be limited and our business, financial condition and results of operations to be materially and adversely affected.

Risk factors relating to an investment in the Shares and the Rights Shares

Investment in shares quoted on Catalist involves a higher degree of risk and can be less liquid than share quoted on the Main Board of the SGX-ST

The Company is currently listed on Catalist, a listing platform designed primarily for fast-growing and emerging or smaller companies to which a higher investment risk tends to be attached as compared to larger or more established companies listed on the Main Board of the SGX-ST. An investment in shares quoted on Catalist may carry a higher risk than an investment in shares quoted on the Main Board of the SGX-ST and the future success and liquidity in the market of the Shares cannot be guaranteed.

In addition, there is no assurance that the liquidity of the Shares or the volume of the Shares as traded on Catalist may not change or decline after the Rights Issue.

Shareholders who do not or are not able to accept their provisional allotment of Rights Shares will experience a dilution in their ownership of the Company

In the event that Entitled Shareholders do not or are not able to accept their provisional allotment of Rights Shares, their proportionate ownership of the Company will be reduced and such Shareholders will have their shareholdings in the Company diluted after completion of the Rights Issue due to the issuance of the Rights Shares. They may also experience a dilution in the value of their Shares. Even if an Entitled Shareholder sells his Rights Shares, or such Rights Shares are sold on his behalf, the consideration he receives may not be sufficient to compensate him fully for the dilution of his ownership of the Company as a result of the Rights Issue.

The price of the Shares may be volatile, which could result in substantial losses for investors subscribing for the Rights Shares

The trading price of the Shares could be subject to fluctuations in response to variations in the Group's results of operations, changes in general economic conditions, changes in accounting principles or other developments affecting the Group, its involvement in litigation, additions or departures in key personnel, any announcements by the Group of corporate developments, changes in financial estimates by securities analysts, the operating and stock price performance of other companies and other events or factors. The global financial markets have experienced significant price and volume fluctuations in recent years. Volatility

REGULATIONS 2018**

in the price of the Shares may be caused by factors outside its control and may be unrelated or disproportionate to the Group's operating results.

There is no assurance that the market price for the Shares will not fluctuate significantly and rapidly as a result of certain factors, some of which are beyond the Company's control. Examples of such factors include, *inter alia*, (i) corporate actions; (ii) variation(s) of its operating results; (iii) changes in securities analysts' estimates of the Group's financial performance; (iv) additions or departures of key personnel; (v) fluctuations in stock market prices and volume; (vi) involvement in litigation; (vii) changes in general economic, political and regulatory environment in the markets that the Group operates in; (viii) gain or loss of an important business relationship or contract; (ix) negative publicity involving the Group or any Director or executive officer of the Group; (x) announcements made by the Group in relation to significant acquisitions, strategic alliances or joint ventures; and (xi) changes in the share prices or performance of companies with similar business to the Group that are listed in Singapore, or elsewhere.

An active market may not develop for the Nil-Paid Rights during the provisional allotment period prescribed by the SGX-ST

There is no assurance that an active trading market for the Nil-Paid Rights on Catalist will develop during the trading period or that any over-the-counter trading market for the Nil-Paid Rights will develop. Even if an active market develops, the trading price of the Nil-Paid Rights, which depends on the trading price of the Shares, may be volatile. In addition, Shareholders in certain jurisdictions are not allowed to participate in the Rights Issue. The Nil-Paid Rights which would otherwise be provisionally allotted to Foreign Shareholders may be sold by the Company, which could affect the trading price of the Nil-Paid Rights.

Investors may experience future dilution in the value of their Shares

The Group's working capital requirements, financing plans and capital expenditure needs may in the future vary from those presently expected. If the Group does not meet its goals with respect to revenues, or if costs are higher than anticipated or if there are changes to its current financing plans, substantial additional funds may be required. To the extent that funds generated from operations have been exhausted, the Company may need to raise additional funds in the future to finance the repayment of borrowings, business expansions, working capital requirements, acquisitions, investments or other financial requirements. If additional funds are raised through the issuance by the Company of new Shares other than on a *pro rata* basis to existing Shareholders, or if the existing Shareholder is entitled to participate in the fund raising but is unable to unwilling to do so, the percentage ownership of existing Shareholders may be reduced and existing Shareholders may experience dilution in the value of their Shares.

Any future sales of the Shares by our Substantial Shareholders and/or Directors could adversely affect its share price

Any future sale of Shares by our Substantial Shareholders and/or Directors in the market can have a downward pressure on the price of the Shares. The sale of a significant amount of such Shares in the market, or the perception that such sales may occur could materially and adversely affect the market price of its Shares. These factors could also affect the Group's ability to issue additional equity securities in future.

- (a) A statement of the rights, preferences and restrictions attached to the securities or securities-based derivatives contracts being offered; and
 - (b) an indication of the resolutions, authorisations and approvals by virtue of which the entity may create or issue further securities or securities-based derivatives contracts, to rank in priority to or *pari passu* with the securities or securities-based derivatives contracts being offered.

The Rights Shares, when allotted and issued, will rank *pari passu* in all respects with the then existing Shares, save for any dividends, rights, allotments or other distributions, the record date for which falls before the date of issue of the Rights Shares.

The Rights Shares are to be issued pursuant to the general mandate granted by Shareholders to the Directors at the Company's annual general meeting held on 28 April 2022.

PLAN OF DISTRIBUTION

6. Indicate the amount, and outline briefly the plan of distribution, of the securities or securities-based derivatives contracts that are to be offered otherwise than through underwriters. If the securities or securities-based derivatives contracts are to be offered through the selling efforts of any broker or dealer, describe the plan of distribution and the terms of any agreement or understanding with such entities. If known, identify each broker or dealer that will participate in the offer and state the amount to be offered through each broker or dealer.

The Rights Shares are payable in full upon acceptance and/or application, and upon allotment and issuance, will rank *pari passu* in all respects with the then existing Shares, except that they will not rank for any dividends, rights, allotments or other distributions that may be declared or paid, the record date for which falls before the date of issue of the Rights Shares.

(SECURITIES AND SECURITIES-BASED DERIVATIVES CONTRACTS)
REGULATIONS 2018**

Depending on the level of subscription for the Rights Issue, the Company may, if necessary and upon the approval of the SGX-ST, scale down the subscription and/or excess applications for the Rights Shares by any Shareholder (if such Shareholder chooses to subscribe for such Shareholder's *pro rata* Rights Shares entitlement and/or apply for Excess Rights Shares) to avoid a transfer of controlling interest in the Company to such Shareholder or placing such Shareholder and/or parties acting in concert with him/her/it (as defined in the Code) in the position of incurring an obligation to make a mandatory general offer under the Code as a result of other Entitled Shareholders not taking up, whether partly or in full, their provisional allotments of the Rights Shares.

Entitled Depositors will be able to trade their provisional allotments of Rights Shares on the SGX-ST during the Rights Trading Period. For the avoidance of doubt and notwithstanding anything in this Offer Information Statement, only Entitled Shareholders (and not the Purchasers or the Renouncees) shall be entitled to apply for Excess Rights Shares.

Fractional entitlements to the Rights Shares will be disregarded in arriving at the Entitled Shareholders' provisional allotments of Rights Shares and will, together with the provisional allotments of Rights Shares which are not taken up or allotted for any reason, be aggregated and allotted to satisfy excess applications for Rights Shares (if any), or otherwise dealt with in such manner as the Directors may, in their absolute discretion, deem fit in the best interests of the Company, subject to applicable laws and the Catalist Rules.

In the allotment of Excess Rights Shares, preference will be given to Shareholders for the rounding of odd lots, and Directors and Substantial Shareholders who have control or influence over the Company in connection with the day-to-day affairs of the Company, or the terms of the Rights Issue, or have a representation (direct or through a nominee) on the Board, will rank last in priority for the rounding of odd lots and allotment of Excess Rights Shares. The Company will not make any allotment and issuance of any Excess Rights Shares that will result in a transfer of controlling interest in the Company unless otherwise approved by Shareholders in a general meeting.

As there may be prohibitions or restrictions against the offering of Rights Shares in certain jurisdictions, only Entitled Shareholders are eligible to participate in the Rights Issue. Please refer to the section entitled "**Eligibility of Shareholders to Participate in the Rights Issue**" of this Offer Information Statement for further details.

The Rights Shares are not offered through the selling efforts of any broker or dealer.

The allotment and issue of the Rights Shares pursuant to the Rights Issue are governed by the terms and conditions set out in this Offer Information Statement, including **Appendices A to D** of this Offer Information Statement, the PAL, the ARE and the ARS (as the case may be).

The Company's independent auditors, Ernst & Young LLP, had issued a disclaimer of opinion (the "**Disclaimer of Opinion**") in their independent auditor's report dated 11 April 2022 on the audited consolidated financial statements of the Group and the Company for FY2021. The basis for the Disclaimer of Opinion is in relation to (i) the use of the Group's going concern assumption, and (ii) the impairment assessment of the Group's plant and equipment, right-of-use assets, intangible assets and goodwill, and the Company's investments in subsidiaries and other receivable due from a subsidiary. Please refer to the Company's announcement dated 11 April 2022 for further details in relation to the Disclaimer of Opinion.

For FY2021 and 9M FY2022, the Group had recorded a net loss of approximately S\$6.0 million and S\$3.2 million respectively, and a net operating cash outflow of approximately S\$4.6 million and S\$2.4 million respectively. As at 30 September 2022, the Group was in a net equity deficit position of approximately S\$0.9 million and had cash and cash equivalents of approximately S\$0.5 million. These conditions indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern.

After taking into consideration the Group's cash flow forecast for a 12-month period from 1 October 2022 to 30 September 2023 ("**Cash Flow Forecast**"), the Board is of the opinion that the Group and the Company will be able to operate as a going concern and that the use of the going concern assumption in the preparation of the consolidated financial statements of the Group for 9M FY2022 is appropriate. The ability of the Group to fulfil its obligations will be dependent on the Group generating sufficient cash flows from its SARS-CoV-2 PCR testing for COVID-19, and the ability to raise new funding, including from the Rights Issue. In preparing the Cash Flow Forecast, the management of the Company has taken the following into consideration:

- (i) the challenges faced by the cancer business in the current COVID-19 pandemic and the impact of the emergence of competing and newer technologies on the sales of COVID-19 related products in the infectious diseases business;
- (ii) the forecasted cash flow from the laboratory services business which is mainly dependent on the projected sales uptake of its SARS-CoV-2 PCR testing for COVID-19;

**SIXTEENTH SCHEDULE OF THE SECURITIES AND FUTURES
(OFFERS OF INVESTMENTS)
(SECURITIES AND SECURITIES-BASED DERIVATIVES CONTRACTS)
REGULATIONS 2018**

(iii) the cost cutting measures that the Group has planned to streamline its businesses and manage cost; and

(iv) the Net Proceeds to be raised from the Rights Issue.

Please refer to the Company's annual report for FY2021 and the Company's announcement dated 31 October 2022 in relation to the unaudited interim financial statements of the Group for 9M FY2022 for further information.

After taking into consideration, *inter alia*, the Disclaimer of Opinion, the Group's financial performance for FY2021 and 9M FY2022, the Group's cash and cash equivalents and financial position as at 30 September 2022 and the Cash Flow Forecast, in the reasonable opinion of the Directors, the Minimum Amount which must be raised from the Rights Issue to meet the Group's present funding requirements for the next 12 months is S\$2.0 million.

No Shareholder has or will be providing an undertaking to subscribe for such Shareholder's *pro rata* Rights Shares entitlement and/or apply for Excess Rights Shares.

Notwithstanding the requirement to raise the Minimum Amount from the Rights Issue to ensure the Group's present funding requirements for the next 12 months, and that there will not be any undertaking by any Shareholder to subscribe for such Shareholders' *pro rata* Rights Shares entitlement and/or apply for Excess Rights Shares, after taking into consideration the costs of engaging an underwriter and having to pay commission in relation to the underwriting, the Directors have decided that it is not feasible nor practical for the Rights Issue to be underwritten by a financial institution.

In the event that the Minimum Amount is not raised from the Rights Issue, the Group will look for alternative sources of funding such as equity or debt fund raising through the placement of securities of the Company to investors or other fund raising opportunities to raise the requisite funding for the working capital requirements of the Group. Should the Company also fail to raise such alternative funding, the Group and the Company may not be able to operate as a going concern and trading of the Shares may be suspended pursuant to Rule 1303(3) of the Catalist Rules.

APPENDIX A – PROCEDURES FOR ACCEPTANCE, PAYMENT AND EXCESS APPLICATION BY ENTITLED DEPOSITORS

The payment for the relevant number of Rights Shares accepted and (if applicable) Excess Rights Shares applied for at the Issue Price must be made in Singapore currency in the form of a Cashier's Order or Banker's Draft drawn on a bank in Singapore and made payable to "**CDP – BIOLIDICS RIGHTS ISSUE ACCOUNT**" and crossed "**NOT NEGOTIABLE, A/C PAYEE ONLY**" with the name and Securities Account number of the Entitled Depositor clearly written in block letters on the reverse side of the Cashier's Order or Banker's Draft.

NO COMBINED CASHIER'S ORDER OR BANKER'S DRAFT FOR DIFFERENT SECURITIES ACCOUNTS WILL BE ACCEPTED. NO OTHER FORMS OF PAYMENT (INCLUDING THE USE OF A PERSONAL CHEQUE, POSTAL ORDER OR MONEY ORDER ISSUED BY A POST OFFICE IN SINGAPORE) WILL BE ACCEPTED.

2.3 Acceptance through the SGX-SFG Service (for Depository Agents only)

Depository Agents may accept the provisional allotment of Rights Shares and (if applicable) apply for Excess Rights Shares through the SGX-SFG service provided by CDP as listed in Schedule 3 of the Terms and Conditions for User Services for Depository Agents. CDP has been authorised by the Company to receive acceptances on its behalf. Such acceptances and (if applicable) applications will be deemed irrevocable and are subject to each of the terms and conditions contained in the ARE and this Offer Information Statement as if the ARE had been completed, signed and submitted to CDP.

2.4 Insufficient Payment

If no remittance is attached or the remittance attached is less than the full amount payable for the provisional allotment of Rights Shares accepted by the Entitled Depositor and (if applicable) the Excess Rights Shares applied for by the Entitled Depositor; the attention of the Entitled Depositor is drawn to paragraphs 1.3 and 5.2 of this Appendix A which set out the circumstances and manner in which the Company and CDP shall be authorised and entitled to determine and appropriate all amounts received by CDP on the Company's behalf whether under the ARE, the ARS or any other application form for Rights Shares in relation to the Rights Issue.

2.5 Acceptance of Part of Provisional Allotments of Rights Shares and Trading of Provisional Allotments of Rights Shares

An Entitled Depositor may choose to accept his provisional allotment of Rights Shares specified in the ARE in full or in part. If an Entitled Depositor wishes to accept part of his provisional allotment of Rights Shares and trade the balance of his provisional allotment of Rights Shares on the SGX-ST, he should:

- (a) complete and sign the ARE for the number of Rights Shares provisionally allotted which he wishes to accept and submit the duly completed and original signed ARE together with payment in the prescribed manner as described in paragraph 2.2 above to CDP; or
- (b) accept and subscribe for that part of his provisional allotment of Rights Shares by way of Electronic Application(s) or through Accepted Electronic Services in the prescribed manner as described in paragraphs 2.1 or 2.3 above.

APPENDIX A – PROCEDURES FOR ACCEPTANCE, PAYMENT AND EXCESS APPLICATION BY ENTITLED DEPOSITORS

The balance of his provisional allotment of Rights Shares may be sold as soon as dealings therein commence on the SGX-ST.

Entitled Depositors who wish to trade all or part of their provisional allotments of Rights Shares on the SGX-ST during the provisional allotment trading period should note that the provisional allotments of Rights Shares will be tradable in board lots, each board lot comprising provisional allotments of 100 Rights Shares, or any other board lot size which the SGX-ST may require. Such Entitled Depositors may start trading in their provisional allotments of Rights Shares as soon as dealings therein commence on the SGX-ST. Entitled Depositors who wish to trade in lot sizes other than mentioned above may do so in the Unit Share Market of the SGX-ST during the provisional allotment trading period.

2.6 Sale of Provisional Allotments of Rights Shares

The ARE need not be forwarded to the purchasers of the provisional allotments of Rights Shares (“**Purchasers**”) as arrangements will be made by CDP for a separate ARS to be issued to the Purchasers. Purchasers should note that CDP will, for and on behalf of the Company, send the ARS, accompanied by the OIS Notification Letter and other accompanying documents, **BY ORDINARY POST** and **AT THE PURCHASERS’ OWN RISK**, to their respective Singapore addresses as maintained in the records of CDP. Purchasers should ensure that their ARSs are accurately completed and signed, failing which their acceptances of the provisional allotments of Rights Shares may be rejected. Purchasers who do not receive the ARS, accompanied by the OIS Notification Letter and other accompanying documents, may obtain the same from CDP or the Share Registrar, for the period up to **5.30 P.M. ON 25 NOVEMBER 2022** (or such other time(s) and/or date(s) as may be announced from time to time by or on behalf of the Company). Purchasers should also note that if they make any purchase on or around the last trading day of the Nil-Paid Rights, the ARS, the OIS Notification Letter and other accompanying documents might not be despatched in time for the subscription of the Rights Shares. Purchasers may obtain a copy of the ARS, the OIS Notification Letter and other accompanying documents from CDP. Alternatively, Purchasers may accept and subscribe by way of Electronic Applications or Accepted Electronic Services in the prescribed manner as described in paragraph 2.1 above.

This Offer Information Statement, the OIS Notification Letter and other accompanying documents will not be despatched to Purchasers whose registered addresses with CDP are not in Singapore (“**Foreign Purchasers**”). Foreign Purchasers who wish to accept the provisional allotments of Rights Shares credited to their Securities Accounts should make the necessary arrangements with their Depository Agents or stockbrokers in Singapore.

PURCHASERS SHOULD INFORM THEIR FINANCE COMPANIES OR DEPOSITORY AGENTS IF THEIR PURCHASES OF SUCH PROVISIONAL ALLOTMENTS OF RIGHTS SHARES ARE SETTLED THROUGH THESE INTERMEDIARIES. IN SUCH INSTANCES, IF THE PURCHASERS WISH TO ACCEPT THE RIGHTS SHARES REPRESENTED BY THE PROVISIONAL ALLOTMENTS OF RIGHTS SHARES PURCHASED, THEY WILL NEED TO GO THROUGH THESE INTERMEDIARIES, WHO WILL THEN ACCEPT THE PROVISIONAL ALLOTMENTS OF RIGHTS SHARES ON THEIR BEHALF.

APPENDIX A – PROCEDURES FOR ACCEPTANCE, PAYMENT AND EXCESS APPLICATION BY ENTITLED DEPOSITORS

2.7 Renunciation of Provisional Allotments of Rights Shares

Entitled Depositors who wish to renounce in full or in part their provisional allotments of Rights Shares in favour of a third party should complete the relevant transfer forms with CDP (including any accompanying documents as may be required by CDP) for the number of provisional allotments of Rights Shares which they wish to renounce. Such renunciation shall be made in accordance with the “Terms and Conditions for Operations of Securities Accounts with CDP”, as the same may be amended from time to time, copies of which are available from CDP. As CDP requires at least three (3) Market Days to effect such renunciation, Entitled Depositors who wish to renounce are advised to do so early to allow sufficient time for CDP to send the ARS and other accompanying documents, for and on behalf of the Company, to the Renounee by ordinary post and **AT HIS OWN RISK**, to his Singapore address as maintained in the records of CDP and for the Renounee to accept his provisional allotments of Rights Shares. The last time and date for acceptance of the provisional allotments of Rights Shares and payment for the Rights Shares by the Renounee is **5.30 P.M. ON 25 NOVEMBER 2022** (or such other time(s) and/or date(s) as may be announced from time to time by or on behalf of the Company).

3. COMBINATION APPLICATION

In the event that the Entitled Depositor or the Purchaser accepts his provisional allotments of Rights Shares by way of the ARE and/or the ARS and/or has applied for Excess Rights Shares by way of the ARE and also by way of Electronic Application(s) and/or Accepted Electronic Services, the Company and/or CDP shall be authorised and entitled to accept his instructions in whichever mode or combination as the Company and/or CDP may, in their/its absolute discretion, deem fit. Without prejudice to the generality of the foregoing, in such a case, the Entitled Depositor or the Purchaser shall be regarded as having irrevocably authorised the Company and/or CDP to apply all amounts received whether under the ARE, the ARS and (if applicable) any other acceptance of Rights Shares provisionally allotted to him and/or application for Excess Rights Shares (including through an Electronic Application(s) and/or Accepted Electronic Services) in whichever mode or combination as the Company and/or CDP may, in their/its absolute discretion, deem fit.

APPENDIX A – PROCEDURES FOR ACCEPTANCE, PAYMENT AND EXCESS APPLICATION BY ENTITLED DEPOSITORS

5.2 Appropriation

Without prejudice to paragraph 1.3 above, an Entitled Depositor should note that:

- (a) by accepting his provisional allotment of Rights Shares and/or applying for Excess Rights Shares, he acknowledges that, in the case where the amount of remittance payable to the Company in respect of his acceptance of the Rights Shares provisionally allotted to him and (if applicable) in respect of his application for Excess Rights Shares as per the instructions received by CDP whether under the ARE, the ARS and/or in any other application form for Rights Shares in relation to the Rights Issue differs from the amount actually received by CDP, the Company and CDP shall be authorised and entitled to determine and appropriate all amounts received by CDP on the Company's behalf for each application on its own whether under the ARE, the ARS and/or any other application form for Rights Shares in relation to the Rights Issue as follows: firstly, towards payment of all amounts payable in respect of his acceptance of the Rights Shares provisionally allotted to him; and secondly, (if applicable) towards payment of all amounts payable in respect of his application for Excess Rights Shares. The determination and appropriation by the Company and CDP shall be conclusive and binding;
- (b) if the Entitled Depositor has attached a remittance to the ARE, the ARS and/or any other application form for Rights Shares in relation to the Rights Issue made through CDP, he would have irrevocably authorised the Company and CDP, in applying the amounts payable for his acceptance of the Rights Shares and (if applicable) his application for Excess Rights Shares, to apply the amount of the remittance which is attached to the ARE, the ARS and/or any other application form for Rights Shares in relation to the Rights Issue made through CDP; and
- (c) in the event that the Entitled Depositor accepts the Rights Shares provisionally allotted to him by way of the ARE and/or the ARS and/or has applied for Excess Rights Shares by way of the ARE and also by way of Electronic Application(s) and/or through Accepted Electronic Services, the Company and/or CDP shall be authorised and entitled to accept his instructions in whichever mode or combination as the Company and/or CDP may, in their/its absolute discretion, deem fit. Without prejudice to the generality of the foregoing, in such a case, the Entitled Depositor shall be deemed as having irrevocably authorised the Company and/or CDP to apply all amounts received whether under the ARE, the ARS and/or any other acceptance and/or application for Excess Rights Shares (including through an Electronic Application(s) and/or Accepted Electronic Services) in whichever mode or combination as the Company and/or CDP may, in their/its absolute discretion, deem fit.

5.3 Availability of Excess Rights Shares

The Excess Rights Shares available for application are subject to the terms and conditions contained in the ARE, this Offer Information Statement and (if applicable) the Constitution. Applications for Excess Rights Shares will, at the Directors' absolute discretion, be satisfied from such Rights Shares as are not validly taken up by the Entitled Depositors, the original allottee(s) or their respective Renouncee(s) or the Purchaser(s) of the provisional allotments of Rights Shares together with the aggregated fractional entitlements to the Rights Shares, any unsold "nil-paid" provisional allotment of Rights Shares (if any) of Foreign Shareholders

APPENDIX A – PROCEDURES FOR ACCEPTANCE, PAYMENT AND EXCESS APPLICATION BY ENTITLED DEPOSITORS

and any Rights Shares that are otherwise not allotted for whatever reason in accordance with the terms and conditions contained in the ARE and this Offer Information Statement. In the event that applications are received by the Company for more Excess Rights Shares than are available, the Excess Rights Shares available will be allotted in such manner as the Directors may, in their absolute discretion, deem fit in the interests of the Company. **CDP TAKES NO RESPONSIBILITY FOR ANY DECISION THAT THE DIRECTORS MAY MAKE.** In the allotment of Excess Rights Shares, preference will be given to the rounding of odd lots, and Directors and Substantial Shareholders who have control or influence over the Company in connection with the day-to-day affairs of the Company, or the terms of the Rights Issue, or have a representation (direct or through a nominee) on the Board will rank last in priority for the rounding of odd lots and allotment of Excess Rights Shares. The Company reserves the right to refuse any application for Excess Rights Shares, in whole or in part, without assigning any reason whatsoever. In the event that the number of Excess Rights Shares allotted to an Entitled Depositor is less than the number of Excess Rights Shares applied for, the Entitled Depositor shall be deemed to have accepted the number of Excess Rights Shares actually allotted to him.

If no Excess Rights Shares are allotted or if the number of Excess Rights Shares allotted is less than that applied for, the amount paid on application or the surplus application monies, as the case may be, will be refunded to such Entitled Depositors, without interest or any share of revenue or other benefit arising therefrom, within three (3) Business Days after the commencement of trading of the Rights Shares, by crediting their bank accounts with the relevant Participating Bank **AT THEIR OWN RISK** (if they had applied for Excess Rights Shares by way of an Electronic Application through an ATM of a Participating Bank or an Accepted Electronic Service), the receipt by such banks being a good discharge to the Company and CDP of their obligations, if any, thereunder, or by crediting their designated bank account *via* CDP's DCS at their own risk; in the event they are not subscribed to CDP's DCS, any monies to be paid shall be credited to their Cash Ledger and subject to the same terms and conditions as Cash Distributions under the CDP Operation of Securities Account with the Depository Terms and Conditions (Cash Ledger and Cash Distribution are as defined therein), as the case may be, (in each case) **AT THEIR OWN RISK** or in such manner as he/they may have agreed with CDP for the payment of any cash distributions without interest or any share of revenue or other benefit arising therefrom (if he/they accept and (if applicable) apply through CDP) or in such other manner as they may have agreed with CDP for the payment of any cash distributions (if they had applied for Excess Rights Shares through CDP).

APPENDIX B – PROCEDURES FOR ACCEPTANCE, PAYMENT, SPLITTING, RENUNCIATION AND EXCESS APPLICATION BY ENTITLED SCRIPHOLDERS

2.2. Insufficient Payment

The attention of the Entitled Scripholder is also drawn to paragraph 2.3 below entitled “Appropriation” which sets out the circumstances and manner in which the Company and/or the Share Registrar shall be authorised and entitled to determine the number of Rights Shares which the Entitled Scripholder has given instructions to accept.

2.3. Appropriation

An Entitled Scripholder should note that by accepting his provisional allotment of Rights Shares, he acknowledges that, the Company and/or the Share Registrar, in determining the number of Rights Shares which the Entitled Scripholder has given instructions to accept, shall be authorised and entitled to have regard to the aggregate amount of payment received for the acceptance of the provisional allotment of Rights Shares, whether by way of Cashier’s Order or Banker’s Draft in Singapore currency drawn on a bank in Singapore.

3. REQUEST FOR SPLITTING (FORM B) AND RENUNCIATION (FORM C)

Entitled Scripholders who wish to accept a portion of their provisional allotments of Rights Shares and renounce the balance of their provisional allotments of Rights Shares, or who wish to renounce all or part of their provisional allotments in favour of more than one (1) person, should first, using Form B, request to have their provisional allotments under the PAL split into separate PALs (the “**Split Letters**”) according to their requirements.

The duly completed and signed Form B together with the PAL, in its entirety, should then be returned, by post in the self-addressed envelope provided, **AT THE SENDER’S OWN RISK**, to **BIOLIDICS LIMITED C/O THE SHARE REGISTRAR, B.A.C.S. PRIVATE LIMITED, AT 77 ROBINSON ROAD, #06-03 ROBINSON 77, SINGAPORE 068896** so as to arrive not later than 5.30 p.m. on 21 November 2022 (or such other time(s) and/or date(s) as may be announced from time to time by or on behalf of the Company). Split Letters will then be issued to Entitled Scripholders in accordance with their request. No Split Letters will be issued to Entitled Scripholders if Form B together with the PAL in its entirety is received after 5.30 p.m. on 21 November 2022 (or such other time(s) and/or date(s) as may be announced from time to time by or on behalf of the Company).

The Split Letters representing the number of Rights Shares which Entitled Scripholders intend to renounce, may be renounced by completing and signing Form C before delivery to the Renounee. Entitled Scripholders should complete and sign Form A of the Split Letter(s) representing that part of their provisional allotments they intend to accept, if any, and forward the said Split Letter(s) together with the remittance for the payment (if required) in the prescribed manner to **BIOLIDICS LIMITED C/O THE SHARE REGISTRAR, B.A.C.S. PRIVATE LIMITED, AT 77 ROBINSON ROAD, #06-03 ROBINSON 77, SINGAPORE 068896** so as to arrive not later than 5.30 p.m. on 25 November 2022 (or such other time(s) and/or date(s) as may be announced from time to time by or on behalf of the Company).

An Entitled Scripholder who wishes to renounce his entire provisional allotment of Rights Shares in favour of one person, or renounce any part of it in favour of one person and decline the balance, should complete and sign Form C for the number of provisional allotment of Rights Shares which he wishes to renounce and deliver the PAL in its entirety to the Renounee(s). Such Entitled Scripholders are to deliver the OIS Notification Letter to the Renounees together with the PAL.

4. FORM OF NOMINATION (WITH CONSOLIDATED LISTING FORM) (FORM D)

The Renouncee(s) should complete and sign Form D and forward Form D together with the PAL in its entirety, duly completed and signed, together with a single remittance for the full amount due and payable in the prescribed manner, by post **AT HIS/THEIR OWN RISK**, in the self-addressed envelope provided, to reach **BIOLIDICS LIMITED C/O THE SHARE REGISTRAR, B.A.C.S. PRIVATE LIMITED, AT 77 ROBINSON ROAD, #06-03 ROBINSON 77, SINGAPORE 068896** not later than 5.30 p.m. on 25 November 2022 (or such other time(s) and/or date(s) as may be announced from time to time by or on behalf of the Company).

5. CONSOLIDATION OF RIGHTS SHARES (FORM D)

Each Entitled Scripholder may consolidate the Rights Shares provisionally allotted in the PAL together with those comprised in any PALs and/or Split Letters renounced in his favour by completing and signing Form A of the PAL and the Consolidated Listing Form in Form D of the PAL and attaching thereto all the said renounced PALs and/or Split Letters, each duly completed and signed and with the serial number of the Principal PAL (as hereinafter defined) stated on each of them. A Renouncee who is not an Entitled Scripholder and who wishes to consolidate the provisional allotments of Rights Shares comprised in several renounced PALs and/or Split Letters in one name only or in the name of a joint Securities Account should complete the Consolidated Listing Form in Form D of only one (1) PAL or Split Letter (the “**Principal PAL**”) by entering therein details of the renounced PALs and/or Split Letters and attaching thereto all the said renounced PALs and/or Split Letters, each duly completed and signed, and with the serial number of the Principal PAL stated on each of them.

All the renounced PALs and Split Letters, each duly completed and signed, must be attached to Form A or Form D (as the case may be).

6. PAYMENT

Payment for the full amount due in relation to PALs must be made in Singapore currency in the form of a Banker’s Draft or Cashier’s Order drawn on a bank in Singapore and made payable to “**BIOLIDICS RIGHTS ISSUE ACCOUNT**” and crossed “**NOT NEGOTIABLE, A/C PAYEE ONLY**” with the name and address of the Entitled Scripholder or accepting party clearly written on the reverse side of the remittance. The completed PAL and remittance should be addressed and forwarded, by post in the self-addressed envelope provided and **AT THE SENDER’S OWN RISK**, to **BIOLIDICS LIMITED C/O THE SHARE REGISTRAR, B.A.C.S. PRIVATE LIMITED, AT 77 ROBINSON ROAD, #06-03 ROBINSON 77, SINGAPORE 068896** by 5.30 p.m. on 25 November 2022 (or such other time(s) and/or date(s) as may be announced from time to time by or on behalf of the Company). Otherwise, the provisional allotments of Rights Shares shall be deemed to have been declined and shall forthwith lapse and become void.

Such provisional allotments of Rights Shares not so accepted will be used to satisfy excess applications, if any, or disposed of or dealt with in such manner as the Directors may, in their absolute discretion, deem fit in the interests of the Company. The Company will return all unsuccessful application monies received in connection therewith **BY ORDINARY POST** to their respective Singapore addresses as maintained in the records of CDP and **AT THE RISK OF THE ENTITLED SCRIPHOLDERS OR THEIR RENOUNCEE(S), AS THE CASE MAY BE**, without interest or share of revenue or benefit arising therefrom within three (3) Business Days after the commencement of trading of the Rights Shares.

**APPENDIX B – PROCEDURES FOR ACCEPTANCE, PAYMENT,
SPLITTING, RENUNCIATION AND EXCESS APPLICATION BY
ENTITLED SCRIPHOLDERS**

ACCEPTANCES ACCOMPANIED BY ANY OTHER FORM OF PAYMENT (INCLUDING THE USE OF A PERSONAL CHEQUE, POSTAL ORDER OR MONEY ORDER ISSUED BY A POST OFFICE IN SINGAPORE) WILL BE REJECTED.

7. APPLICATION FOR EXCESS RIGHTS SHARES (FORM E)

Entitled Scripholders who wish to apply for Excess Rights Shares in addition to those which have been provisionally allotted to them may do so by completing the Form E of the PAL and forwarding it together with the PAL in its entirety with a **SEPARATE REMITTANCE** for the full amount payable in respect of the Excess Rights Shares applied for in the form and manner set out in paragraph 6 above, by post in the self-addressed envelope provided, **AT THE SENDER'S OWN RISK**, to **BIOLIDICS LIMITED C/O THE SHARE REGISTRAR, B.A.C.S. PRIVATE LIMITED, AT 77 ROBINSON ROAD, #06-03 ROBINSON 77, SINGAPORE 068896** so as to arrive not later than 5.30 p.m. on 25 November 2022 (or such other time(s) and/or date(s) as may be announced from time to time by or on behalf of the Company). **NO OTHER FORM OF PAYMENT (INCLUDING THE USE OF A PERSONAL CHEQUE, POSTAL ORDER OR MONEY ORDER ISSUED BY A POST OFFICE IN SINGAPORE) WILL BE ACCEPTED.**

Applications for Excess Rights Shares by Entitled Scripholders are subject to the terms and conditions contained in the PAL, Form E and this Offer Information Statement and (if applicable) the Constitution. Applications for Excess Rights Shares will, at the Directors' absolute discretion, be satisfied from such Rights Shares as are not validly taken up, the unsold "nil-paid" provisional allotments (if any) of Foreign Shareholders, the aggregated fractional entitlements and any Rights Shares that are otherwise not allotted for any reason whatsoever. In the event that applications are received by the Company for more Excess Rights Shares than are available, the Excess Rights Shares available will be allotted in such manner as the Directors, in their absolute discretion, deem fit in the interests of the Company. In the allotment of Excess Rights Shares, preference will be given to the rounding of odd lots, and Directors and Substantial Shareholders who have control or influence over the Company in connection with the day-to-day affairs of the Company or the terms of the Rights Issue, or have representation (direct or through a nominee) on the Board, will rank last in priority for the rounding of odd lots and allotment of Excess Rights Shares. The Company reserves the right to allot the Excess Rights Shares applied for under Form E in any manner as the Directors may deem fit and to reject or refuse, in whole or in part, any application for Excess Rights Shares without assigning any reason whatsoever.

If no Excess Rights Shares are allotted to Entitled Scripholders or if the number of Excess Rights Shares allotted to them is less than that applied for, it is expected that the amount paid on application for Excess Rights Shares or the surplus application monies, as the case may be, will be returned or refunded to them by the Company without interest or any share of revenue or other benefit arising therefrom within three (3) Business Days after the commencement of trading of the Rights Shares, **BY ORDINARY POST** to their respective Singapore addresses as maintained in the records of CDP and **AT THEIR OWN RISK**.

APPENDIX B – PROCEDURES FOR ACCEPTANCE, PAYMENT, SPLITTING, RENUNCIATION AND EXCESS APPLICATION BY ENTITLED SCRIPHOLDERS

8. GENERAL

No acknowledgements or receipts will be issued in respect of any acceptances, remittances or applications or payments received.

Entitled Scripholders who are in any doubt as to the action they should take should consult their stockbroker, bank manager, solicitor, accountant or other professional adviser immediately.

Upon listing and quotation on Catalist, the Rights Shares, when issued, will be traded under the book-entry (scripless) settlement system. All dealings in and transactions (including transfers) of the Rights Shares effected through Catalist and/or CDP shall be made in accordance with CDP's "*Terms and Conditions for Operation of Securities Accounts with The Central Depository (Pte) Limited*", as the same may be amended from time to time. Copies of the above are available from CDP.

To facilitate scripless trading, Entitled Scripholders and their Renounees who wish to accept the Rights Shares provisionally allotted to them and (if applicable) apply for Excess Rights Shares, and who wish to trade the Rights Shares issued to them on Catalist under the book entry (scripless) settlement system, should open and maintain Securities Accounts with CDP in their own names (if they do not already maintain such Securities Account) in order that the number of Rights Shares and, if applicable, the Excess Rights Shares that may be allotted to them may be credited by CDP into their Securities Accounts. Entitled Scripholders and their Renounees who wish to accept the Rights Shares and/or (if applicable) apply for Excess Rights Shares and have their Rights Shares credited into their Securities Accounts must fill in their Securities Account numbers and/or National Registration Identity Card (NRIC)/passport numbers (for individuals) or registration numbers (for corporations) in the relevant forms comprised in the PAL. Entitled Scripholders and their Renounees who fail to fill in their Securities Account numbers and/or NRIC/passport numbers (for individuals) or registration numbers (for corporations) or who provide incorrect or invalid Securities Account numbers their Securities Accounts currently maintained with CDP, will be issued physical certificates in their names for the Rights Shares allotted to them and if applicable, the Excess Rights Shares allotted to them. Such physical share certificates, if issued, will not be valid for delivery pursuant to trades done on Catalist under the book-entry (scripless) settlement system, although they will continue to be *prima facie* evidence of legal title. If issued, these physical share certificates will be sent **BY ORDINARY POST** to the person(s) entitled thereto **AT HIS/THEIR OWN RISK.**

If an Entitled Scripholder's address stated in the PAL is different from his address maintained in the records of CDP, he must inform CDP of his updated address promptly, failing which the notification letter on successful allotment and other correspondence will be sent to his address last registered with CDP.

A holder of physical share certificate, or an Entitled Scripholder who has not deposited his share certificate with CDP but who wishes to trade on Catalist, must deposit his existing share certificate with CDP, together with the duly executed instruments of transfer (including any applicable fees) in favour of CDP, and have his Securities Account credited with the number of Rights Shares or existing Shares, as the case may be, before he can effect the desired trade.

**APPENDIX B – PROCEDURES FOR ACCEPTANCE, PAYMENT,
SPLITTING, RENUNCIATION AND EXCESS APPLICATION BY

APPENDIX D – ADDITIONAL TERMS AND CONDITIONS FOR ELECTRONIC APPLICATION THROUGH THE ATMS OF PARTICIPATING BANKS

The procedures for Electronic Applications at ATMs of the Participating Bank are set out on the ATM screens of the relevant Participating Bank (the “Steps”).

Please read carefully the terms of this Offer Information Statement, the Steps, and the terms and conditions for Electronic Applications set out below before making an Electronic Application. An ATM card issued by one (1) Participating Bank cannot be used to accept provisional allotments of Rights Shares and (if applicable) apply for Excess Rights Shares at an ATM belonging to another Participating Bank. Any Electronic Application which does not strictly conform to the instructions set out on the screens of the ATM of the Participating Banks through which the Electronic Application is made will be rejected.

Any reference to the “**Applicant**” in the terms and conditions for Electronic Applications and the Steps shall mean the Entitled Depositor or his Renouncee or the Purchaser of the provisional allotment of Rights Shares who accepts or (as the case may be) applies for the Rights Shares through an ATM of the Participating Bank. An Applicant must have an existing bank account with, and be an ATM cardholder of, one of the Participating Banks before he can make an Electronic Application through an ATM of that Participating Bank. The actions that the Applicant must take at ATMs of the Participating Banks are set out on the ATM screens of the relevant Participating Banks. Upon the completion of his Electronic Application transaction, the Applicant will receive an ATM transaction slip (the “**Transaction Record**”), confirming the details of his Electronic Application. The Transaction Record is to be retained by the Applicant and should not be submitted with any ARE/ARS.

An Applicant, including one who has a joint bank account with a Participating Bank, must ensure that he enters his own Securities Account number when using the ATM card issued to him in his own name. Using his own Securities Account number with an ATM card which is not issued to him by that Participating Bank in his own name will render his acceptance or (as the case may be) application liable to be rejected.

All references to “Rights Issue” and “Rights Application” on the ATM screens of the Participating Banks shall mean the offer of Rights Shares under the Rights Issue and the acceptance of provisional allotments of Rights Shares and (if applicable) the application for Excess Rights Shares, respectively. All references to “Document” on the ATM screens of the Participating Banks shall mean this Offer Information Statement.

For SRS Members and investors who hold Shares through finance companies or Depository Agents, acceptances of the provisional allotments of Rights Shares and (if applicable) applications for Excess Rights Shares must be done through their respective SRS Approved Banks with whom they hold their SRS accounts and their respective finance companies or Depository Agents, as the case may be. The aforementioned persons, where applicable, will receive notification letter(s) from their respective SRS Approved Banks with whom they hold their SRS accounts and their respective finance companies or Depository Agents, as the case may be, and should refer to such notification letter(s) for details of the last date and time to submit acceptances of the provisional allotments of Rights Shares and (if applicable) applications for Excess Rights Shares to their respective SRS Approved Banks with whom they hold their SRS accounts and their respective finance companies or Depository Agents, as the case may be. Such persons are advised to provide their respective finance companies, Depository Agents or relevant banks, as the case may be, with the appropriate instructions early in order for such intermediaries to make the relevant acceptance and (if applicable) applications for Excess Rights Shares on their behalf by the Closing Date. **ANY ACCEPTANCE AND (IF APPLICABLE) APPLICATION MADE DIRECTLY BY THE AFOREMENTIONED PERSONS THROUGH CDP, ELECTRONIC APPLICATIONS AT ATMS OF THE PARTICIPATING BANKS, THE SHARE REGISTRAR**

APPENDIX D – ADDITIONAL TERMS AND CONDITIONS FOR ELECTRONIC APPLICATION THROUGH THE ATMS OF PARTICIPATING BANKS

AND/OR THE COMPANY WILL BE REJECTED. SRS MEMBERS AND INVESTORS WHO HOLD SHARES THROUGH FINANCE COMPANIES OR DEPOSITORY AGENTS SHOULD REFER TO THE SECTION ENTITLED “IMPORTANT NOTICE TO SRS MEMBERS AND INVESTORS WHO HOLD SHARES THROUGH FINANCE COMPANIES OR DEPOSITORY AGENTS” OF THIS OFFER INFORMATION STATEMENT FOR IMPORTANT DETAILS RELATING TO THE OFFER PROCEDURE FOR THEM.

For Renounees or Purchasers whose purchases are settled through finance companies or Depository Agents, acceptances of the Rights Shares represented by the provisional allotment of Rights Shares purchased must be done through the respective finance companies or Depository Agents, as the case may be. Such Renounees and Purchasers will receive notification letter(s) from their respective finance companies or Depository Agents, as the case may be, and should refer to such notification letter(s) for details of the last date and time to submit acceptances of the provisional allotments of Rights Shares to their respective finance companies or Depository Agents, as the case may be. Such Renounees or Purchasers are advised to provide their respective finance companies or Depository Agents, as the case may be, with the appropriate instructions early in order for such intermediaries to make the relevant acceptances on their behalf by the Closing Date.

ANY ACCEPTANCE OF THE RIGHTS SHARES AND (IF APPLICABLE) APPLICATION FOR EXCESS RIGHTS SHARES MADE DIRECTLY BY SUCH RENOUNCEES AND PURCHASERS THROUGH CDP, ELECTRONIC APPLICATIONS AT ATMS OF THE PARTICIPATING BANK, ACCEPTED ELECTRONIC SERVICES, THE SHARE REGISTRAR AND/OR THE COMPANY WILL BE REJECTED.

The Electronic Application shall be made on, and subject to, the terms and conditions of this Offer Information Statement, including but not limited to the terms and conditions appearing below.

- (1) In connection with his Electronic Application for the Rights Shares, the Applicant is required to confirm statements to the following effect in the course of activating the ATM for his Electronic Application:
 - (a) **that he has received a copy of this Offer Information Statement and has read, understood and agreed to all the terms and conditions of acceptance and (as the case may be) application for the Rights Shares and this Offer Information Statement prior to effecting the Electronic Application and agrees to be bound by the same; and**
 - (b) **that he consents and authorises CDP to give, provide, disclose, divulge or reveal information pertaining to his Securities Account maintained in CDP’s record, including, without limitation, his name, NRIC/passport number, address, nationality, Securities Account number, the number of Shares standing to the credit of his Securities Account, the number of provisional allotments of Rights Shares allotted to him, his acceptance and (if applicable) application for Excess Rights Shares and any other information and application details (the “Relevant Particulars”)** from his account with that Participating Bank to the Share Registrar, Securities Clearing & Computer Services (Pte) Ltd (SCCS), CDP, the SGX-ST, the Company, the Manager and any other relevant parties as CDP may deem fit for the purpose of the Rights Issue and his acceptance and (if applicable) application (the “Relevant Parties”).

APPENDIX D – ADDITIONAL TERMS AND CONDITIONS FOR ELECTRONIC APPLICATION THROUGH THE ATMS OF PARTICIPATING BANKS

His acceptance of the provisional allotments of Rights Shares and (if applicable) application for Excess Rights Shares will not be successfully completed and cannot be recorded as a completed transaction in the ATM unless he presses the “**Enter**” or “**OK**” or “**Confirm**” or “**Yes**” key, as the case may be. By doing so, the Applicant shall be treated as signifying his confirmation of each of the two (2) statements above. In respect of statement 1(b) above, his confirmation, by pressing the “**Enter**” or “**OK**” or “**Confirm**” or “**Yes**” key, as the case may be, shall signify and shall be treated as his written permission, given in accordance with the relevant laws of Singapore including Section 47(2) and the Third Schedule of the Banking Act 1970 of Singapore, to the disclosure by that Participating Bank of the Relevant Particulars of his account with that Participating Bank to the Relevant Parties.

- (2) An Applicant may make an Electronic Application at an ATM of any Participating Bank for the Rights Shares using cash only by authorising such Participating Bank to deduct the full amount payable from his account with such Participating Bank.
- (3) The Applicant irrevocably agrees and undertakes to subscribe for and to accept the lesser of (a) the aggregate of the number of Rights Shares provisionally allotted and Excess Rights Shares applied for as stated on the Transaction Record or (b) the number of provisionally allotted Rights Shares standing to the credit of the “Free Balance” of his Securities Account as at the Closing Date. In the event that the Company decides to allot any lesser number of such Excess Rights Shares or not to allot any Excess Rights Shares to the Applicant, the Applicant agrees to accept the decision as final and binding.
- (4) If the Applicant’s Electronic Application is successful, his confirmation (by his action of pressing the “**Enter**” or “**OK**” or “**Confirm**” or “**Yes**” key on the ATM, as the case may be) of the number of Rights Shares accepted and/or Excess Rights Shares applied for shall signify and shall be treated as his acceptance of the number of Rights Shares accepted and/or Excess Rights Shares applied for that may be allotted to him.
- (5) In the event that the Applicant accepts the provisional allotments of Rights Shares by way of an ARE and/or an ARS (as the case may be) and also by way of acceptance through the Electronic Application through an ATM of the Participating Banks, the Company and/or CDP shall be authorised and entitled to accept the Applicant’s instructions in whichever mode or a combination thereof as the Company and/or CDP may, in its/their absolute discretion, deem fit. In determining the number of Rights Shares that the Applicant has validly given instructions to accept, the Applicant shall be deemed to have irrevocably given instructions to accept the lesser of the number of provisionally allotted Rights Shares which are standing to the credit of the “Free Balance” of his Securities Account as at the Closing Date and the aggregate number of Rights Shares which have been accepted by the Applicant by way of the ARE and/or ARS (as the case may be) and by Electronic Application. The Company and/or CDP, in determining the number of Rights Shares that the Applicant has validly given instructions to accept, shall be authorised and entitled to have regard to the aggregate amount of payment received for the acceptances, whether by way of Banker’s Draft or Cashier’s Order drawn on a bank in Singapore accompanying the ARE and/or ARS, or by way of acceptance through an Electronic Application through an ATM of the Participating Banks, which he has authorised or deemed to have authorised to be applied towards the payment in respect of his acceptance.

APPENDIX D – ADDITIONAL TERMS AND CONDITIONS FOR ELECTRONIC APPLICATION THROUGH THE ATMS OF PARTICIPATING BANKS

- (6) If applicable, in the event that the Applicant applies for Excess Rights Shares by way of an ARE and by way of application through an Electronic Application through an ATM of the Participating Banks, the Company and/or CDP shall be authorised and entitled to accept the Applicant's instructions in whichever mode or a combination thereof as the Company and/or CDP may, in its/their absolute discretion, deem fit. In determining the number of Excess Rights Shares which the Applicant has validly given instructions for the application of, the Applicant shall be deemed to have irrevocably given instructions to apply for and agreed to accept such number of Excess Rights Shares not exceeding the aggregate number of Excess Rights Shares for which he has applied by way of application through Electronic Application through the ATM of the Participating Banks and by way of the ARE. The Company and/or CDP, in determining the number of Excess Rights Shares which the Applicant has given valid instructions for the application of, shall be authorised and entitled to have regard to the aggregate amount of payment received for the application of the Excess Rights Shares, whether by way of Banker's Draft or Cashier's Order drawn on a bank in Singapore accompanying the ARE by way of application through Electronic Application through the ATM of the Participating Banks, which he has authorised or deemed to have authorised to be applied towards the payment in respect of his acceptance.
